TEACH Center Appendices

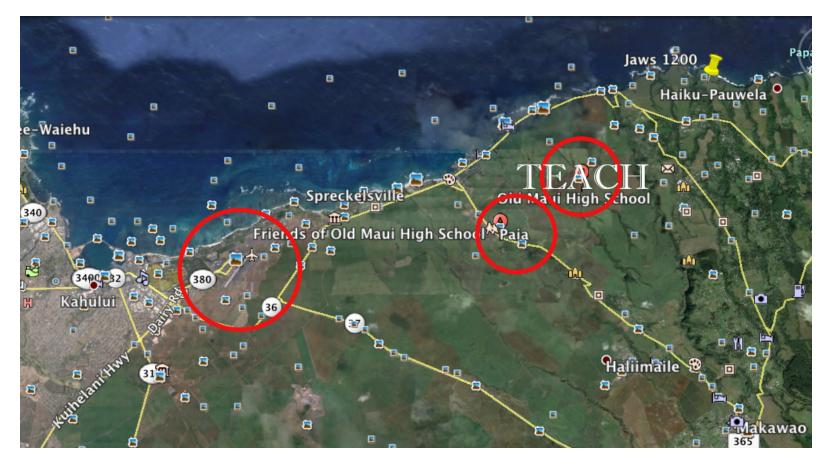

TEACH Center Repurposing of Old Maui High School

TEACH is conveniently located:

- □ 8 miles from Kahului Airport
- □ 2 miles from the town of Paia

- □ 2 miles from World Famous Beach, Ho'okipa
- □ 1.5 miles from the coast

Benefits of Public-Private Partnership

TEACH Development has received approval of our proposal from Mayor Arakawa, fully negotiated our lease with the County of Maui, and currently has a resolution and lease awaiting approval of the County Council. The lease contains provisions including. . .

□A lease for \$1 per year for 60 years

Expedited zoning, entitlements and permitting processes

County roads and utilities

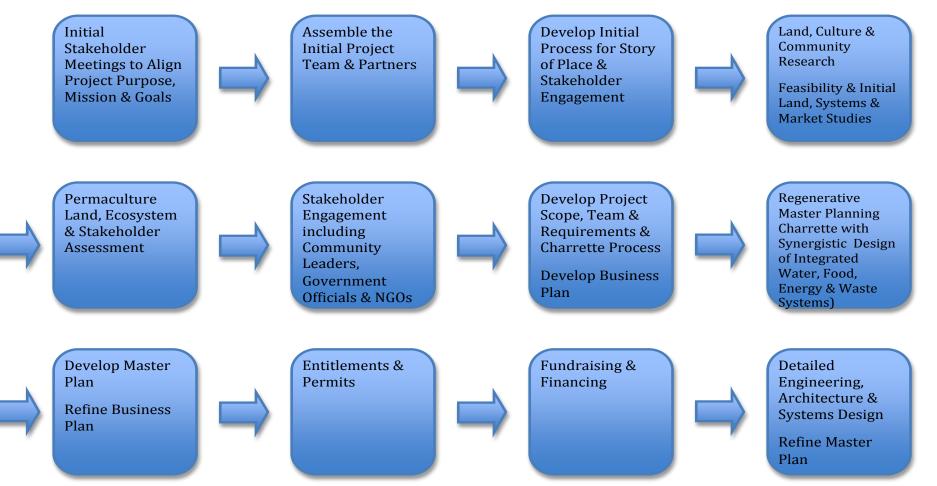

Increased ability to obtain grants, tax credits and favorable financing that reduces the amount of equity investment required, lowers risk to investors and maximizes returns.

TEACH Center

Regenerative Development & Community Engagement

Using a Regenerative Development Process, TEACH is committed to partnering with the local community, NGO's and government to develop TEACH as an exemplary showcase of cooperation and innovation for community, social, economic and environmental benefit.

TEACH Center

Innovation Incubation & Demonstration Projects

Processes that use earth minerals (e.g., zeolite, humate), electrocoagulation, microbes and funghi to naturally, rapidly and cost effectively clean and remediate soil and water.

Aquatech

Next-Gen Atmospheric Water Generation, Living Machine wastewater treatment, Grey water and black water recycling, Desal

□ <u>Agtech</u>

Soil Regeneration, Permaculture, Smart Farms (e.g., Robotics, Real-Time Sensors/Data), Systems Integration, Natural Repellents, Algae Harvesting, Phyto-Medicines, Superfoods, Food Processing & Co-Packing

Biomaterials & BioScience

BioPlastics (e.g., Bread Fruit), Bio-Buiding Materials, (e.g., biocrete, biosteel, woodfibers, biopolymers), Biocompatible Medical Products (e.g., materials for skin, bone, teeth and collagen replacement)

Renewable Energy & Fuels

Solar, Wind, Goethermal, Tidal, Waste to Energy (Biochar, Syngas) and Biofuels R&D and Teaching Lab

Living Buildings & Systems Integration

 Smart Buidings with Integrated Water, Food, Energy, Waste & Waste Recycling/Upcycling
 Systems, Sensors & Monitoring, Locally grown/harvested building materials

Optimal Wellness

Exercise, Diet & Nutrition, Environmental Connection, Mindfulness, Stress Relief, Natural Remedies, Superfoods, Cleansing, Personal Growth

Earth Wisdom & Biomimicry

Learning from Nature, Hawaiian & Indigenous Wisdom, Imitation of Nature's Solutions, Ho'oponono, Malama 'Aina

Co-Laboratory

Convening "whole tanks" of experts in whole systems/ecology, renewable energy, design, economics/investment and makers with community

TEACH Center Revenue Generation

- Classes, Training and Certifications
- Visitor and Day Use
- Entrepreneurial Incubation Equity and Mentoring Fees
- Event & Workshop Registrations
- Training Facilities, Co-Working
 Space, Office Rentals
- Wellness Center Membership Dues
- Healing & Personal Development Services
- Museum & Gift Shop

- Youth Camp Enrollment
- Restaurant and Catering
- Technology Transfers and
 Licensing
 - Phyto-Medicine-Shamanic Healing Remedies
 - Campus Housing, Glamping and Camping
- Consulting Services and Research
- Nursery and Agricultural Sales

TEACH Center

Target Market

- The 18-60 year-old Lifestyles of Health and Sustainability (LOHAS) market focused on Ecotourism, Wellness, Education, Sustainability and Transformational Festivals & Experiences.
