RE Item #EDB-175: \$475,000 for the infrastructure portion of the historic Kaupo School restoration

Dear Committee Members:

Kaupo Ranch Ltd. has a long history as a Kaupo community supporter and employer. As such, we wish to express our support for the subject project and the associated request for infrastructure funding.

Preserving the school is preserving the heart of Kaupo. The planned infrastructure will ensure the long term benefits of the school's restoration and solidify its compliance. Further, assimilating the efforts of the community with the preservation of a public facility brings cost savings as well as pride to the community.

Sincerely,

John Kean
Secretary
