**Subject:** Testimony for August 14 IEM Committee Meeting

Infrastructure & Environmental Management (IEM) Committee

County Council Chambers – 8th Floor, 200 S. High St., Wailuku

Aloha Councilmembers,

Please vote to pass a sand mining moratorium bill. Maui's sand dunes are a cultural and environmental resource that need special protection through Council action. The Maui inland sand dunes are known to be burial sites of many 'iwi kupuna. Please provide sorely needed protection for the remaining sand dunes.

Mahalo,

Laura Kaakua
