**To:** PC Committee  
**Subject:** Save Keawakapu

Please no zoning changes and no reserved parking on public land. Parking is already at a premium in this area. We do not need another high rise hotel built on our beautiful Keawakapu coast fronting on our pristine beach. Parking can already be a problem on some days at the beach and a large hotel will only turn our paradise into another Waikiki!! Please don't make this an eventuality. Don Johnson. Owner at Maui Hill Resort
