Subject: Supporting Document for Ma`alaea Wastewater Conveyance Proposal
Attachments: ltr to councilmember king.pdf

Aloha, BFED staff,

Please see the attached letter from Sina Pruder of the State Wastewater Branch regarding CM King's budget proposal for a Ma`alaea wastewater conveyance system using SRF.

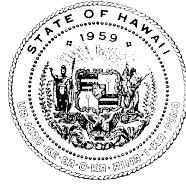

Thank you,
Axel

Dear Councilmember King:

Subject: Maalaea Wastewater System

This letter is written in response to your questions regarding the use of Clean Water State Revolving Fund (CWSRF) loan funds to construct a collection system for the Maalaea area. The CWSRF Program may be used to fund the construction of the collection system if it will be owned and operated by the County of Maui (County). CWSRF loan funds may be used for the collection system, if owned and operated by the County, even if it connects to a privately-owned wastewater treatment plant. Please note that the construction of the privately-owned wastewater treatment plant is not eligible for funding under the CWSRF Program.

Although we are in the process of finalizing our Intended Use Plan for State Fiscal Year 2022, it is not too late to submit a Proposed Project for SRF Funding Form for a new project that will be funded in SFY 2022. The form should be completed and submitted to our CWSRF Program by the County for the proposed project by May 28, 2021.

Should you have any questions, please feel free to contact me at (808) 586-4294.

Sincerely,

SINA PRUDER, P.E., CHIEF
Wastewater Branch
