- **19.02A.040 - Variances.**

A.

In any particular case where strict compliance with the provisions of this article would cause practical difficulty or unnecessary hardship, the owner or lessee (holding under recorded lease the unexpired term of which is more than five years from the date of filing the owner or lessee's application) of the property affected, may file a written application with the board of variances and appeals for a variance from the restrictions imposed setting forth therein the description of the property, the regulations affecting it, and the conditions justifying such a variance. Each application shall be accompanied by a fee in the amount set forth in the annual budget to cover the cost of public hearing including the cost of publication. Published notice and public hearing shall be in conformity with the practice of the board of variances and appeals. "Published notice", wherever used, means notice by publication in a newspaper of general circulation in the County for two publications, the first of such publication to be at least fifteen days prior to the date of the hearing so noticed.

B.

Upon finding by the board of variances and appeals at the completion of the hearing that the application presents a situation wherein strict enforcement of any provision of this article would involve practical difficulty or unnecessary hardship, and further, that desirable relief may be granted without being detrimental to the public interest, convenience, and welfare, a variance permit may be issued to such applicant on such terms and conditions and for such period of time as the facts may warrant.

C.

Where the relief is for a variance for the change of one nonconforming use to a different nonconforming use where the structure and/or lot area are not structurally altered or enlarged, the provisions of this section as to notice and hearing may be waived at the discretion of the board of variances and appeals.

D.

Any action of the board, whether granting or denying the relief applied for, shall be referred to the council for its approval. The council may override any action of the board and either grant or deny relief, as the case may be, by an affirmative vote of at least five of its members.
