You have received this email because someone shared a document with you from Google Docs.

Aloha to the Powers that Be,

I have have the complete blessing in having lived at Front St, Apartments since the beginning. Because of this wonderful complex and it's rental rate, I have had the ability to raise my own children. This multi family complex is a model for how the county should handle affordable housing for the families on Maui.

Please, please consider keeping it affordable and building more.

With my heart and a smile,

Evette Green
