Aloha, I am writing in support of Ho'omana at 1550 Piihola Rd. Makawao to be given a Special use and Conditional Use Permit to operate their Hawaiian Cultural Education Center and Healing Spa on their agriculturally zoned property. I have been a fan and supporter of Jeana Naluai and Justin Tafuri's efforts to perpetuate Hawaiian culture and agriculture on their beautiful land in Olinda. Jeana shares her love for her culture with everyone she comes into contact with. Her and her husband have created a beautiful native Hawaiian landscape on this awesome acreage in up country Maui with labels noting hawaiian names and traditional uses for the plants and I believe it should be shared with the world. What they have created in Makawao is a beautiful representation of Hawaiian culture and the preservation of Hawaiian healing arts and I believe that the culture should be perpetuated by awesome businesses like this. Please approve of their permitting so that they can share their wonderful offering with visitors and community.

Mahalo nui Loa,
