Honorable Richard T. Bissen, Jr. Mayor, County of Maui 200 South High Street Wailuku, Hawaii 96793

For Transmittal to:

Honorable Yuki Lei K. Sugimura, Chair Budget, Finance, and Economic Development Committee Maui County Council 200 South High Street Wailuku, Hawaii 96793

Dear Chair Sugimura:

SUBJECT: FISCAL YEAR ("FY") 2025 BUDGET (BFED-1) (PR-1)

The following is our Department's response to your letter of request dated March 19, 2024:

1. Please outline the major changes in your Department's budget from FY 2024 to FY 2025.

The major change to the Department's budget occurred in the Planning and Development Division where there is a decrease from \$29.8M in FY2024 to (Proposed) \$14.1M in FY 2025. The decrease is due to several

large projects being funded in 2024 and a focus on completing current priority projects.

a. Explain any budget changes made because of the August 2023 wildfires.

Overall the Department's budget will decrease by approximately 5% as requested by the administration.

- b. If your budget will decrease, how will this impact your Department's operations and ability to serve the public?

 The impact of the budget decrease will impact each division or section within the department a little differently. If positions are not funded it could result in a reduction of services and or an increase in overtime costs. Maintenance projects may not be completed and daily maintenance would be impacted.
- 2. How many vacant positions currently exist within your Department?
 - a. Please include the job titles for the vacancies and indicate how long the positions have been vacant.

Please see attached vacancy report (Attachment 1).

- b. What is the anticipated timeline for filling these vacancies? We anticipate the vacancies to be filled within one to three months of receiving a list of eligible applicants.
- c. What are the consequences, if any, for removing funding for these vacant positions from the FY 2025 Budget?

If funding is removed from the vacant positions, we will not be able to hire into these critical positions. This vacancy will then continue to impact operations and create a shortfall in the salaries budget due to the needed overtime to complete necessary tasks and job duties. Removing funding for these positions will impact the Department's ability to fill the vacancies and impact the timely delivery of the department's capital improvement projects, to manage its assets and address long-term issues such as sea-level rise, climate change, planning for new facilities, and provide daily services in each division impacting the services provided to the community.

3. If your Department had expansion positions in the FY 2024 Budget, how many of those positions were filled? If they have not been filled,

are they included in the FY 2025 Budget? How many months of funding are being requested?

In our Maintenance Division five of the six expansion positions have been filled. The last position has been included in the FY 2025 budget with a request of 12 months of funding as this HT Golf Course Operations Clerk is anticipated to be filled by June 2024. In the Recreation Division there were 10 expansion positions in FY24. Nine of these were filled. The remaining position is in the FY25 budget for 12 months. None of the three expansion positions were filled were filled in the Permits and Enforcement section. Now that the section has relocated to its temporary location as of March 2024, the section will be refocusing on filling positions as soon as possible.

4. If your Department is proposing expansion positions in the FY 2025 Budget, how do you plan to fill those positions?

The Department is requesting two Park Caretaker I positions for the Recreation Division and two eP for a Painter I and Painter II for the Maintenance Division. The Department would be requesting for funding for the painter positions in FY 2026. Positions would be thru an open recruitment.

5. How many positions were filled in FY 2024 that were not expansion positions?

About 60 positions were filled in FY 2024.

6. How did your Department recruit to fill vacancies and what were the most effective methods for attracting candidates?

Most of the Department's recruitment was done in coordination with DPS and their recruiting efforts. A multitude of methods to attract more candidates was used including; Advertising position above the minimum salary step, DPS sponsored job fairs, recruiting videos, radio advertising, OPEN, INTER, PWOE recruitments, monthly one day pool guard recruitments, DM-89, and word of mouth.

- 7. The following questions are related to overtime payments:
 - a. How much in overtime has been paid to date in FY 2024 and what was the reason for the overtime?
 Please see attached report (Attachment 2).
 The reasons for the overtime are for completion of daily

operations due to vacancies, special events, repair call outs,

emergencies, unforeseen maintenance projects, Community outreach events, programming and the Maui Wildfires response.

- Were any of these overtime costs attributed to the number of vacant positions in your Department?
 Yes. This is due to the additional hours needed to complete daily operations, tasks and duties of the vacant positions by current staff.
- c. Do you anticipate that overtime costs in FY 2025 will increase or decrease and what are the reasons for your assumption? Our overtime rate will increase pursuant to collective bargaining agreements. Overtime will be affected by our ability to fill vacancies and our need to respond to unforeseen circumstances, emergencies and events.
- 8. The following questions are related to your Department's program and activities:
 - a. Identify the programs and activities conducted by your Department because of a Federal or State mandate. Indicate the amount of Federal or State funding the County receives for each program or activity, including how much for each the County expends. None.
 - b. Identify the programs and activities conducted solely because of a Maui County Code mandate and indicate the amount for each the County expends.
 - All permit and enforcement operations are born out of requirements set forth in the Maui County Code or Administrative Rules. In our Planning and Development division MCC 18.16.320 Parks and Playgrounds requires park assessment fees for subdivisions over 3 lots or units. The department reviews development projects for compliance with 18.16.320. The review time varies by type of project and complexity. However, the revenue generated by the park assessment fee offsets the administrative effort to review.
- 9. If your Department had Capital Improvement Projects ("CIPs") in FY 2024:

- a. Provide the current status of each CIP project, if different from the information provided in the Fiscal Year 2024 2nd Quarter CIP Report.

 See (attachment 3 9a-Parks CIP Project Status)
- b. Provide information on how much funding has been encumbered or expended to date for each project.
 See attachment #4 9b-Parks CIP Encumbrance to Date_03.25.2024

10. If your Department has proposed CIPs for FY 2025:

Rank your proposed CIPs, by priority.

CBS	Project Name	FY25		PRIORITY
4581	Countywide Parks Facilities	\$	1,000,000	1
7862	Makawao Boys and Girls Club Roof Replacement	\$	500,000	2

6052	Lanai Youth Center and Skate Park	\$	1,000,000	6
7245	Central Maui Pickleball Courts	\$	1,300,000	7
	Fifth Street Courts Resurfacing and			
7242	Improvements	\$	2,000,000	8
8400	Kanaha Beach Park Restroom Replacement	\$	250,000	9
5539	War Memorial Football Stadium and Track Rehab	\$	800,000	10
7858	Waiehu Golf Course Facility Improvements	\$	500,000	11
7857	Waiehu Golf Course Pond Liner Replacement	\$	500,000	12
5533	Paia Community Center Rehabilitation	\$	250,000	13
8392	Keopuolani Field Lights Replacement	\$	2,000,000	14

- b. Will CIP funding included in the FY 2025 Budget be encumbered by June 30, 2025? If not, how much do you anticipate will be encumbered by that date?

 The department's goal is to encumber all CIP funds within 1 year of appropriation. However, permitting and other events outside of our control can affect the ability to encumber funds.
- 11. If your Department manages a revolving fund:

a. Explain whether the revolving fund is still needed and why. Ocean Recreational Activity Fund was established by the Maui County Code section 13.04A.370. This section reads that any fees collected pursuant to Article VII, Title 13 of the Maui County Code shall be deposited in the ocean recreational activity fund and shall be used for purposes relating to the implementation of this article, such as the provision of salaries, the purchase of equipment, and the maintenance of County property. Expenditures from the fund shall be through appropriations set forth in Appendix A.II. of the annual budget ordinance.

Currently there is funding for enforcement staff positions, operational costs, and software from this fund. We would need to determine what items in place would need to be accommodated by the general fund, if code was to be amended, eliminating the relevant article.

b. Provide the current balance.Attached are the balances (Attachment 5).

12. If your Department manages grants:

- a. For each grant line item not designated for a specific recipient (e.g., Small Business Promotion; Youth Programs), provide a breakdown of the grants that will be funded by the line item.
 None
- b. Provide a breakdown of all grants that will be funded by your Department under Subobject Code 6317, County grant subsidy.

Lahaina Restoration Foundation Historic District Groundskeeping. Proposed FY25 \$191,000. The impact of the wildfire in the area of operation has greatly affected the scope of work. May consider decrease in funding based on impact and remediation timeline of the area. Mokuula and Mokuhinia Plan and Development FY25 for up to \$250,000.

13. Provide details on your Department's Carryover/Savings that were included in the FY 2025 Budget.
 The carryover savings included in the FY 2025 budget are from the unrestricted fund balance for FY 2023 reflected in the County's

Annual Comprehensive Financial Report (ACFR). Any carryover savings from FY 2024 will be recognized in the FY 2026 budget.

- 14. What are your top three Department priorities for FY 2025 and how does your Department's budget reflect that?

 Across the Department our first goal is to fill the vacant positions. Our second goal is to work toward the completion of all prioritized facility and park deferred maintenance projects and several large capital improvement projects. Our third goal is to prepare a Strategic Plan for the department, to articulate its long-term vision, identify critical issues, and outline a set of actions to realize this vision.
- 15. Did your Department apply for any grant funding in FY 2024? If yes, how much in funding was received?

 The department applied for an Urban Forestry Management Plan grant from DLNR. When the Planner V transferred to the Department of Management in January, 2024, the project was moved to that office.
- 16. How much has your Department spent on Professional Services in FY 2024, and what projects and consultants were funded under this line item?

There has been \$2,943.50 expended to date in the <u>Maintenance</u> <u>Division</u> for the professional services line item. This was paid to the <u>Disability</u> and Communications Access Board (DCAB) for the plan review of the Fitness Court Improvements at Keopuolani and Kahului Community Center Parks project.

Our <u>Planning section</u> has spent a total of \$145,653.30 (Beach Parks Vulnerability Assessment and Adaptation Plan - \$23,000.00, Needs and Preferences Survey - \$74,617.23, Hoaloha Beach Park Adapatation Plan - \$48,036.07

As of February 29, 2024, Permits and Enforcement has encumbered \$22,450 for professional services related to the on-site training for software that was to assist with the streamlining of requests for service/complaints related to permitting or illegal use of parks and facilities for overall enforcement management. It's anticipated only a portion of the encumbrance will be expended as the contract is being terminated. The department is moving forward with the ITS division in next steps for proper software acquisition. There is an additional \$5000, which was encumbered in FY2023, that is to be released prior to year-end. This money was allocated to Bid Labs,

> Inc as part of the professional services in development a request for proposal that included an assessment of operational needs for the above referenced software.

> Our <u>Recreation Division</u> has spent/paid is \$5,462.13 on Professional Services so far in FY24. Vendors that we used are Betsil Brothers, Sterling Volunteers, County of Maui MAPPS and Maui Office Machines. Please see attachment 6 for details.

In the <u>Administration program</u>, approximately \$5,258.60 was spent for Professional Services. This was used to pay for carpet cleaning at Trask Building (\$1268.80), office move to Trask Building (\$1615.29), internal investigation (\$1570.01), fingerprinting for new hires (\$742), and annual checks for CDL drivers (\$62.50)

17. How much of your Department's expenditures in FY 2024 will be reimbursed by the Federal Emergency Management Agency in relation to the wildfires? What amount of FY 2025 expenditures are expected to be reimbursed?

The Department does not have a final figure at this time.

18. Provide a list of equipment, locations, and structures used or managed by your Department that was destroyed in the wildfires. Explain for each whether your Department plans to repair or replace it. If it will be repaired or replaced, provide the estimated cost and timeline for the repair or replacement.

The chart below is of DPR lease/ROE locations and structures
