November 7, 2017

Mr. Stewart Stant, Director
Department of Environmental Management
County of Maui
Wailuku, Hawaii 96793

Dear Mr. Stant:

SUBJECT: **MOLOKAI COMMUNITY PLAN UPDATE** (PC-02)

At its November 2, 2017 meeting, the Planning Committee reviewed the revised Chapter 11, West End Policy Statement, of the proposed Molokai Community Plan update (Plan). Section 11.1 discusses the Environment and Natural Resources. Number six under the Policies section states, "Review and assess the West End's sewage needs and implement necessary infrastructure."

How are the sewage needs met on the West end of Molokai? Are septic tanks or cesspools being used? If there are sewage systems in place, are they privately-owned or are they part of the County's sewer system? If this policy is retained in the Plan, how would DEM implement it?

Please provide a written response by **November 15, 2017** to assist the Committee in its review of the Plan. To ensure efficient processing, please include the relevant Committee item number in the subject line of your response.

Should you have any questions, please contact me or the Committee staff (Traci Fujita at ext. 7687, or Rayna Yap at ext. 8007).

Sincerely,

A handwritten signature in cursive script that reads "Kelly T. King".

KELLY T. KING, Chair
Planning Committee
