Subject: Re: Requests/Questions from the April 3, 2019 EDB meeting (EDB-1); Response due 04/12/19
Attachments: Maui RPT Tax Rates Updated.docx

Aloha EDB Committee,

Thank you for reaching out about follow-up questions to the April 3rd presentation.

Please see the attached document with a chart that includes the most recent Maui Property Tax Numbers. This is current through 2018. I believe the RPT numbers for 2019 are not published yet.

Also, if it is helpful for the committee I am happy to send the exact excell spreadsheet numbers for all the data since statehood-- this includes Property Tax Categories such as "agriculture", "industrial", "commercial" etc.

Best of luck to everyone in balancing the need for more public investment with the imperative to tax and spend wisely.

-Kenna

Slide #1: Updated Maui Residential Property Tax Rates 1959-2018

This slide has most recent information available and **takes into account that before 1983 residential properties were assessed at below market value.** From 1959-75 it was 70% of market rate and from 1976-82 it was 60%.
