Subject: Keawekapu gravel parking lot

Aloha!

I was just made aware that the gravel public parking lot at the Mana Kai is being considered for the chopping block. I strongly urge you as a Maui resident to leave this parking lot for the public. Families with small children have no where else to park to gain access to Keawekapu beach. Please consider keeping it available for locals and the general public to gain access to this beautiful side of the beach and it's tide pools. It's one of the few areas safe for keiki to play in the water where the surf isn't too rough year round.

Mahalo,
Julia Wurst
Makawao resident
