Just one of the groups working on 5G. I feel we've a chance to forestall 5G on Maui for several reasons. At least we can try to ban it until tech can prove it safe. They can't because it isn't. Hundreds of studies from different disciplines show it isn't but none that it's safe

Aloha,  
Bobbie

## **Major Litigation Updates & Recent Local Victories**

*It's been a strong week for our movement!*

There are a lot of exciting things to report on this week, so let's dive right in...

### **Lake Tahoe, CA - Landmark Federal Lawsuit Filed to Block Saturation of Lake Tahoe Region with Cell Towers**

Hundreds of hazardous, unsightly wireless antennas and cell towers are quickly blanketing the Lake Tahoe, California region.

Three environmental non-profits and Monica Eisenstecken, a lifelong resident of South Lake Tahoe, have filed a potentially **precedent-setting litigation** against the Tahoe Regional Planning Agency, Verizon Wireless, the Tahoe Prosperity Center, and a local property owner...all in an effort **to protect one of the world's greatest natural treasures from a looming telecom takeover.**

**D.C. Court of Appeals - Environmental Health Trust et al. v. FCC  
Oral Arguments, January 25th, 2021**

"A federal appeals panel in Washington voiced skepticism that the Federal Communications Commission had adequately considered dangerous health effects when it established guidelines for radiation emission from cell towers and wireless devices."

- Bloomberg Law

**Congratulations** to both the Environmental Health Trust and the Children's Health Defense for their tireless efforts challenging the FCC's outdated and insufficient wireless radiation public exposure guidelines.

Following yesterday's fabulous presentation, we are hopeful the judges will rule against the FCC.

## **RECENT VICTORIES**

### **FLORIDA**

1. Palm Coast, FL defeats 150-foot cell tower to be installed in the heart of the city's oldest neighborhood.

Read the news [here](#).

2. Lakeland, FL defeats 110-foot cell tower slated to be installed mere feet from homes. This is the second cell tower in three months that has been defeated by Lakeland representatives due to resident opposition.

Read the news [here](#).

## **NEW JERSEY**

3. Lavallette, NJ Borough Council approves five "small cell" antennas with challenging conditions: certification from the U.S. Department of Defense and the Federal Aviation Administration that 5G frequencies emitted by the equipment will not interfere with critical avionics equipment. Lavallette is situated just a few miles from one of the country's most active military air bases - Joint Base McGuire-Dix-Lakehurst.

## CALIFORNIA

4. Petaluma, CA defeats Verizon application to install 16 wireless antennas at the Petaluma Creamery, just 75 feet from homes. Read the legal memorandum in opposition to Verizon's application [here](#).

## **SOUTH CAROLINA**

5. Residents in Mt. Pleasant, SC defeat a cell tower to be installed next to the Long Point playground.

Read the news [here](#).

As always, let's keep raking in the wins and working together to protect our communities from the telecom industry's ever-growing wireless footprint.

If you need assistance pushing back against 5G and/or other wireless infrastructure deployments in your area, please don't hesitate to reply to this email or call us at 516-883-0887.
