Aloha kakou,

I was writing to inquire on the status of page 54 Appendix A - Part II Special Purpose Revenue I.) Open Space (10). It was almost left out of the FY21 budget because Mr. Hironaka (?) said they could not get in touch with MLP. I had heard that Parks had a site selected and that the Pulelehua project is moving forward so I am just seeing how this condition of their change in zoning was moving forward.

Mahalo,
Tamara
