Subject: Affordable housing

TO WHOM IT MAY CONCERN:

I have been informed recently that my "castle" has been put up for ransom and I, as a low income tenant, will be paying the demand. Let me give you an idea of what it is like to be in my shoe.

I have been living at Front St Apts for over an year and I really like it here. Within this year, besides being a recent widow and trying to live independently, I have been diagnosed with renal kidney failure and have been given the opportunity of being lucky to be treated three times a week by sitting in a chair for 4 hours sessions called dialysis. This is an expensive "quality of life". Now, being a widow and not having the security of a spouse's financial assistance it takes everything I receive each month to make ends meet.

Bottom line: please help me retain my home without having to pay an arm and a leg....I simply cannot afford this payment. I understand that the new owners of Front St Apts are increasing the one bedroom rent up to \$1600 a month. My monthly income does not meet that figure....so if this happens, where will I go to live. Am I gonna be another sister of Maui County roaming the streets and roads looking for a safe place to lay down my head and be homeless???

PLEASE HELP!!

Thank you,

Helen H Bullion
