ORDINANCE NO. _____

BILL NO. 76 (2025)

A BILL FOR AN ORDINANCE AMENDING THE COMPREHENSIVE
ZONING ORDINANCE ON MOBILE FOOD TRUCKS OR TRAILERS IN THE
AGRICULTURAL DISTRICT

BE IT ORDAINED BY THE PEOPLE OF THE COUNTY OF MAUI:

SECTION 1. This Ordinance's purpose is to amend the Comprehensive Zoning Ordinance by making mobile food trucks or trailers of 1,000 square feet or less permitted accessory uses on farms in the Agricultural District.

In the Agricultural District, agricultural products stands and agricultural food establishments of 1,000 square feet or less do not require Special Use Permits. So, this Ordinance amends the definitions of those terms to include mobile food trucks or trailers.

This Ordinance is intended to implement the following Countywide Policy Plan directive: "Develop regulations and programs that support opportunities for local merchants, farmers, and small businesses to sell their goods and services directly to the public."

SECTION 2. Section 19.30A.015, Maui County Code, is amended as follows:

1. By amending the definition of "agricultural food establishment" to read as follows:

““Agricultural food establishment” means a building or structure, owned and operated by a producer, or a mobile food truck or trailer operating on a farm by a producer where the food truck or trailer is located, and permitted under title 11, chapter 50 of the administrative rules of the [state] State department of health, that prepares and serves food at retail using agricultural products grown, raised, or caught in the [County,] State, and value-added products that were produced using agricultural products grown in [Hawaii] Hawai‘i.”

2. By amending the definition of “agricultural products stand” to read as follows:

““Agricultural products stand” means a building, structure, structure on wheels, or place that is partially enclosed by walls, at least 25 percent open to the outside when in operation, or a vehicle owned and operated by a [single agricultural product] producer or a mobile food truck or trailer operating on a farm by a producer where the food truck or trailer is located, for the display and sale of agricultural products grown, raised, or caught in the [County,] State, and value-added products produced using agricultural products grown, raised, or caught in [Hawaii] Hawai‘i.”

SECTION 3. Section 19.30A.072, Maui County Code, is amended by amending Subsection B to read as follows:

“B. Agricultural products stands. Agricultural products stands are subject to the following requirements:

1. An agricultural products stand that is more than [one thousand] 1000 square feet in total floor area [shall require] requires a special use permit.

2. A mobile food truck or trailer may not operate within 500 feet of any other mobile food truck or trailer. Registration will be granted on a first-come, first-serve basis.”

SECTION 4. Section 19.30A.072, Maui County Code, is amended by amending Subsection E to read as follows:

“E. Agricultural food establishments. All agricultural food establishments are subject to the following requirements:

1. An agricultural food establishment that is more than [one thousand] 1000 square feet in total floor area [shall require] requires a special use permit.

2. All food must be prepared in accordance with the State [Department of Health] department of health rules and regulations.

3. A mobile food truck or trailer must not operate within 500 feet of any other mobile food truck or trailer. Registration will be granted on a first-come, first-serve basis.”

SECTION 5. Section 19.36B.020, Maui County Code, is amended to read as follows:

“19.36B.020. Designated number of off-street parking spaces. Unless otherwise provided in this chapter, the following minimum numbers of accessible, onsite, off-street facilities for the parking of self-propelled motor vehicles [shall] must be provided in connection with the use of any land or the construction, alteration, or improvement of any building or structure. When reviewing a building permit application or proposed change of use, the department [shall] must determine whether the applicant must submit a parking and landscaping plan to establish compliance with this chapter. If the department requires a plan, the department will not recommend approval of a building permit application or proposed change of use until it approves the plan and will not approve a certificate of occupancy or final inspection until the applicant has implemented the approved plan. The number of required parking spaces [shall be] is based on the floor area of each use or component use except where otherwise specified. When calculating the total number of required parking spaces, a fraction less than one-half [shall be] is disregarded, and a fraction of one-half or more [shall require] requires one parking space. The following chart establishes the general requirements for accessible, onsite, off-street parking. Compliance with the Americans with Disabilities Act, administered through the State department of health, disability and communications access board, and

with State requirements for electric-vehicle parking is also required.
