TESTIMONY

RE: PC - 05

Aloha, Chairperson and Members of the Planning Committee

My name is Jim Smith and I was appointed and served as a member of the Citizen Advisory Committee for the area designated as the Paia/Haiku Community Plan. How did that happen? It happened in a simply way and the methodology should be used again.

My recollection is that each Member of Council submitted a name of a citizen living in the area to serve as a member: Nine members, nine CAC members, for each community plan area. Because the number of members of a Committee exceeded nine, the Mayor recommended the remaining member/citizens to serve.

These proposed members were brought to the full Council for approval, were approved and it was done.

The CAC members must be from the community plan area, independently considered, and approved. I recall a Council Member from Wailuku/Kahului appointed me. Hope you will follow this simple method.
