SECTION 1. This Ordinance's purpose is to amend Chapter 16.29, Maui County Code, to allow additional flood-prone areas not delineated on the Federal Emergency Management Agency (FEMA) flood insurance rate map (FIRM), to be included within the special flood hazard area.

SECTION 2. Section 16.29.030, Maui County Code, is amended by amending the definition of "flood insurance rate map (FIRM)" to read as follows:

““[Flood insurance rate map (FIRM)] FIRM” means the flood insurance rate map, or map on which the FEMA or Federal Insurance Administration has delineated both the special flood hazard areas and the risk premium zones applicable to the community.”

No map delineating additional flood-prone areas may take effect until the map is adopted by ordinance. The director must publish maps of the modified special flood hazard areas to be kept on file at the department of public works.

1. Where base flood elevations have not been determined, the director must obtain, review, and reasonably use any base flood elevation and floodway data available from a federal or state agency, or other source, in administering section 16.29.060.

2. Where a federal or state agency or other source has provided flood advisory maps, base level engineering, or other base flood data outside of the special flood hazard areas delineated on the FIRM, the director must recommend additional flood-prone areas to supplement the FIRM in accordance with subsection 16.29.040(B)."
