**To:** AH Committee  
**Subject:** Affordable Housing Project (Chapter 201H, Hawaii Revised Statutes) (Independent Development of Makila Farms; Lahaina) AH-1(3) Sub(3)

To Whom It May Concern:

I am in favor of the Affordable Housing project in Makila Farms. This would bring a tremendous opportunity for local first-time home buyers on Maui, and should be a no-brainer for the County to approve. Affordable housing is a HUGE need in this community, and Greg Brown should be honored for providing this remarkable opportunity. The size of these homes would have little impact on the surrounding community that has already been thoroughly subdivided/CPRd. Greg Brown is a reputable contractor here on Maui and would like to give back to the local community, and I would hope the County would also show support for the local community by approving this project.

Mahalo,
