**To:** PSLU Committee  
**Subject:** My message to PSLU

I have been trying to send this message to the PSLU for 2 weeks and I cannot get it delivered through the existing email system. Is there any way you can get this delivered?

Thanks, Dave Knickerbocker

Subject: Comments for Nov 26 PSLUC meeting in Ma'alaea

AS members of the MVA, we are in complete opposition to the development of the stated 257 acres (actually 197 if truth is known) as stated in the proposal coming before before the Planning Committee. Just look at the density on West Maui....where will it stop?? The County needs to stop the crazyness and if it is the only way....BUY THE LAND. Water, Fire danger, soil degradation, traffic issues and pollution are just a few of the issues presented in the proposed development. And to speak of traffic.....it is stop and go on the ONLY main highway between Lahaina & Kahalui NOW and remember back when tidal waters shut down the highway and the large fire burning for days (about 4 years back) also shut down the highway....it would have burned up any homes if they were in the proposed development.
