---

## A Message from Neal Rackleff, Assistant Secretary for the Office of Community Planning and Development to All Formula Grantees

The U.S. Department of Housing and Urban Development's Assistant Secretary for Community Planning and Development (CPD), Neal Rackleff, is pleased to announce the Fiscal Year 2018 allocations for the CPD formula programs, which provide funding for housing, community and economic development activities, and assistance for low and moderate-income persons and special populations across the country.

To view your community's CPD formula grants for FY 2018 [please visit CPD's budget page](#).

This letter highlights several important points related to these programs. We remind grantees that CPD seeks to develop viable communities by promoting integrated approaches that provide quality, affordable housing, a stable living environment, expand economic opportunities for low and moderate-income and special needs populations including people living with HIV/AIDS. The primary means towards this end is the development of partnerships among all levels of government and the private sector, including both for-profit and non-profit organizations.

The Department continues to emphasize the importance of effective performance measurements in all its formula grant programs. Proper reporting in the Integrated Disbursement and Information System (IDIS) is critical to ensuring grantees are complying with program requirements and policies; providing demographic and income information about the persons that benefited from a community's activities; and allowing HUD to monitor grantees. Your ongoing attention to ensuring complete and accurate reporting of performance measurement data continues to be an invaluable resource with regards to the impact of these formula grant programs.

To strengthen controls for the effective use of these formula funds, HUD urges grantees to continually evaluate policies and procedures governing implementation of these programs and to make adjustments as necessary. As a former local official who implemented CPD programs, I understand the benefit this funding brings to the local level as well as the management responsibilities that come with these Federal dollars. Only with constant analysis of how these critical funds are being used can we expect to fulfill our stewardships. The CPD team is prepared to assist you and your staff in achieving these goals through a wide range of training and technical assistance opportunities.

CPD is looking forward to working with you to promote simple steps that will enhance the performance of these critical programs and successfully meet the challenges that our communities face. If you or any member of your staff have questions, please contact your local CPD Field Office Director.

Hawaii Jurisdiction Allocation are listed below. Please remember to update your SF-424 for your correct allocation amount and project totals before submitting your Action Plans.

Sincerely,

*Mark A. Chandler*
