Subject: Waiale Road Subdivision

Aloha Land Use Committee,

I saw Bob Carrol's article in the Maui News this Sunday regarding the Waiale Road Subdivision. I hope that this is a truly affordable housing subdivision and not just workforce housing which is out of reach for so many local families. I also hope this is made available for long term Maui residents first before they are scooped up by mainland newcomers. Someone born and raised here should have priority over someone that just moved here. Again please make sure these are truly affordable housing units.

Mahalo,

Paula Phillips
