**Subject:** Pass bill CC21-176

Aloha,

I am writing today to urge our Council to be BOLD and pass bill (CC21-176) which reserves 50% of our public beach parking for residents. In just the short time I have been here (six years) I have seen dramatic changes on the island and many of them are not positive. My husband grew up here and works for his family's well-established local business and as you can imagine, this island is vastly different than the Maui he grew up on. The powers that be cater to tourists much to the detriment of residents and locals and you have the chance to right that wrong. Please do what is right and make it easier for the people who were born here, who live here, who pay taxes here, and who contribute to their surrounding communities to enjoy our home. Thank you for your time and energy in rectifying this matter.

Rachel James
