Subject: Please do not change the zoning

Follow Up Flag: Follow up
Flag Status: Flagged

Dear Planning Committee,

I am writing regarding the zoning change that is being considered on Thursday, November 15th for the Maui Oceanfront Hotel. The current gravel parking lot is how many people, including my family and friends access our favorite beach, Keawakapu.

My request is simple... I ask that you do NOT make the parking lot "exclusive" for the restaurant and hotel... this lot should remain public, as is the beach. I am asking that you leave the zoning as it currently is and keep the parking lot for public access on this public land.

Thank you,

Michael Wilhelm
