# A BILL FOR AN ACT

RELATING TO THE COMMISSION ON WATER RESOURCE MANAGEMENT.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1       SECTION 1. The legislature finds that effective and  
2 efficient water resource management requires continuous and  
3 experienced leadership, especially given the climate crisis and  
4 urgent need to properly steward water resources to meet the  
5 affordable housing needs of local residents. On December 28,  
6 1994, the review commission on the state water code submitted  
7 its final report to the legislature pursuant to Act 45, Session  
8 Laws of Hawaii 1987. The review commission determined that  
9 amendments to the state water code were necessary to enable the  
10 commission on water resource management to more effectively  
11 carry out its mandate pursuant to article XI, section 7, of the  
12 Hawaii State Constitution to "set overall water conservation,  
13 quality and use policies; define beneficial and reasonable uses;  
14 protect ground and surface water resources, watersheds and  
15 natural stream environments; establish criteria for water use  
16 priorities while assuring appurtenant rights and existing  
17 correlative and riparian uses and establish procedures for  
18 regulating all uses of Hawaii's water resources." Therefore,

\_\_\_\_.B. NO. \_\_\_\_\_

1 further clarification of the commission on water resource  
2 management's purpose, including its leadership structure and the  
3 composition of the commission, will provide greater  
4 accountability and protection of the State's waters.

5 The purpose of this Act is to:

- 6 (1) Define the public trust purposes of the commission on  
7 water resource management and require the commission,  
8 in acting upon water use permit applications, to  
9 prioritize applications for public trust purposes;
- 10 (2) Allow the commission to retain independent legal  
11 counsel;
- 12 (3) Repeal the position of deputy to the chairperson of  
13 the commission and establish the position of executive  
14 director of the commission;
- 15 (4) Amend the composition of the commission and  
16 administratively attach it to the department of land and  
17 natural resources;
- 18 (5) Authorize entities to challenge an emergency order of  
19 the commission under certain conditions;
- 20 (6) Establish fines for certain water use offenses; and
- 21 (7) Amend the commission's authority to declare water

1 emergencies and issue orders to address them and  
2 declare water shortages and related notice  
3 requirements.
