Subject: Public Testimony for November 8th

Aloha to the County Council,

I am very sorry I was unable to be there in present or by phone as I had previous work commitments, but I humbly ask for your support to re-zone our property.

My fiance and I are trying to build a carport and extend our laundry room, but were unable to get a permit due to the zoning of our property. We need to do things the right way, in order to do that, our property needs to be re-zoned as residential.

I appreciate the work you all do on a daily basis and thank you for your time.

Sincerely, Kim Masse
