Dear Chair Anderson:

**SUBJECT: ACCESS THROUGH THE HANS MICHEL PROPERTY
FOR MAINTENANCE AND OPERATION OF KANAHA
VALLEY STREAM (WR-27)**

Thank you for your July 18, 2006 letter inquiring on the status of remedies at the Hans Michel property. We offer the following updates:

- 1) Our Engineering Division has reviewed the conditions of the stream ford and is developing a design. Contractors taking heavy equipment into the site will be required to take measures to limit further and future damage, and
- 2) We are investigating avenues to have the dry rock wall constructed by Mr. Michel reconstructed in its preexisting form and location.

Thank you for your interest in this matter. Please contact me if you have any questions at extension 7816.

Sincerely,

GEORGE Y. TENGAN, Director
