**Subject:** Please settle the Lahaina Injections Wells case

Dear Maui County Clerk Maui County Council,

I support the County seeking to settle the Lahaina Injection Well case (HAWAII WILDLIFE FUND, ET AL. V. COUNTY OF MAUI, RELATING TO THE CLEAN WATER ACT) as per CC 19-225,

The County of Maui should not be spending money attempting to gut the Clean Water Act. Instead, the money should be spent ensuring no pollutants reach the ocean from our wastewater facilities.

Sincerely,  
Joseph Stern

Dear Maui County Clerk Maui County Council,

I support the County seeking to settle the Lahaina Injection Well case (HAWAII WILDLIFE FUND, ET AL. V. COUNTY OF MAUI, RELATING TO THE CLEAN WATER ACT) as per CC 19-225,

The County of Maui should not be spending money attempting to gut the Clean Water Act. Instead, the money should be spent ensuring no pollutants reach the ocean from our wastewater facilities.

I also have a home in Makawao and spend half the year in Maui. I just found out about this issue and I am appalled that your local government wants to spend millions of taxpayer dollars to defend polluting our oceans and destroying our precious coral reefs. Please withdraw this case and look for solutions to NOT pollute. Thanks

Sincerely,  
Joseph Stern

**Subject:** Please Settle the Lahaina Injection Wells Lawsuit

Dear Ms. Kelly T. King,

I grew up in Lahaina snorkeling and I can see a difference in the reefs over my lifetime. HELP!  
Our keiki are scared.

If we start planning now, Maui County can develop a long-term solution for our water system that will give us something to be proud of, instead of embarrassing stories of Maui in the news and social media around the country. If the County continues to push this case all the way to the Supreme Court in Washington, D.C., the case will damage Maui's reputation and undermine the Clean Water Act as it's being supported by large corporate polluters like the American Petroleum Institute and the National Mining Association.

These companies want to use this case to sabotage the Clean Water Act and possibly reduce liability for environmental disasters like cyanide drainage from mines and leaking oil pipelines. We don't want to people to associate Maui County with these polluters; nor do we want to help their efforts to undermine the Clean Water Act on a national level. We strongly encourage the Mayor, Maui County Council and the leadership of Maui's state legislators to work together with community organizations so we can resolve this issue together and protect our island's treasured beaches, coastal waters and living resources.

Sincerely,

Mrs. Anna Gonzales

Dear Ms. Kelly T. King,

For over a decade, Maui County has fought to allow the Lahaina Wastewater Reclamation Facility to keep polluting the Kahekili reef. The Surfrider Foundation Maui Chapter and our coalition partners have tried to work with the former Mayor to find practical alternatives. We believe the Wastewater Facility can redirect its effluent to provide needed water for golf courses, commercial landscaping, and agriculture. Instead of working with us, the County has spent over \$4 million in taxpayer money on mainland law firms to appeal each decision lost. As the current leaders of Maui County, you have the opportunity to turn this around. Please do the responsible thing for Maui County and protect our reputation and our reefs. We should use our time, energy and taxpayer dollars to fix the problem, not fight the solution.

If we start planning now, Maui County can develop a long-term solution for our water system that will give us something to be proud of, instead of embarrassing stories of Maui in the news and social media around the country. If the County continues to push this case all the way to the Supreme Court in Washington, D.C., the case will damage Maui's reputation and undermine the Clean Water Act as it's being supported by large corporate polluters like the American Petroleum Institute and the National Mining Association.

I have refrained in the past from calling out wrong doers by name, but this is too important. You are wrong on this issue, as the lower courts have already found. YOUR actions have national implications, potentially allowing for Federal rule making allowing polluters from all industries to follow your lead and harm water supplies, lakes, streams and the ocean.

Stand up for the environment, not the polluters!

Sincerely,  
Darla Palmer-Ellingson

Dear Maui County Clerk Maui County Council,

I support the County seeking to settle the Lahaina Injection Well case (HAWAII WILDLIFE FUND, ET AL. V. COUNTY OF MAUI, RELATING TO THE CLEAN WATER ACT) as per CC 19-225,

The County of Maui should not be spending money attempting to gut the Clean Water Act. Instead, the money should be spent ensuring no pollutants reach the ocean from our wastewater facilities.

Sincerely,  
Cecilia Reilly

Dear Maui County Clerk Maui County Council,

I support the County seeking to settle the Lahaina Injection Well case (HAWAII WILDLIFE FUND, ET AL. V. COUNTY OF MAUI, RELATING TO THE CLEAN WATER ACT) as per CC 19-225,

The County of Maui should not be spending money attempting to gut the Clean Water Act. Instead, the money should be spent ensuring no pollutants reach the ocean from our wastewater facilities.

Furthermore we should be rebuilding for a long term solution to accompany growth of our tourism industry and agricultural industry

Sincerely,  
Kevin Watkins

Dear Maui County Clerk Maui County Council,

I support the County seeking to settle the Lahaina Injection Well case (HAWAII WILDLIFE FUND, ET AL. V. COUNTY OF MAUI, RELATING TO THE CLEAN WATER ACT) as per CC 19-225,

The County of Maui should not be spending money attempting to gut the Clean Water Act. Instead, the money should be spent ensuring no pollutants reach the ocean from our wastewater facilities.

Why has \$4.3M of tax payer dollars been spent on pursuing this and why is Maui on the 'don't settle' side of this with big Oil, and Mining and all kinds of other outside interest.

And why are we pumping 3-5 MM gallons of waste water that is proven to enter the ocean? We know that water qualities at Airport Beach are bad - I've gotten sick as has probably everyone who swims in these waters.

Where do you currently stand on this. Maria said you voted no - which I understood at the to be the environmental side of this.

Do we want the US to be a country like China where 50% of the rivers are not fit for human contact. The Clean water act states that water must be swimmable and fish-able.

I also think this horrible for tourism - that Maui is going to be used to gut the clean water act.

Where do you stand on this? What can be done to get the county of maui to agree to help our oceans and the clean waters throughout our country.

Sincerely,  
Douglas Hagan
