Subject: cat starving /murdering ??!!

I just received word that the county council is considering starving the cats !!??
I'm outraged and disgusted! You call yourselves a civilized society?! So now murder is civilized?!!
As a permanent Maui resident I will not stand by quietly if this goes through and neither will many others!
This would not be taken lightly by the many cat lovers that spend a lot of money here as tourists!
We will all see to it that Maui is boycotted for killing cats !
That is malarkey that they kill monk seals!
The cats did it ask to be dumped, not fixed...!!
The problem is with irresponsible humans!!! Humans caused their life as it is!!
It needs to be a law that all cats - domestic and homeless (aka dumped by irresponsible humans or their mothers were!)
should have mandatory, free spay and neuter!
People get kittens, get bored with them, or don't want to clean litter or feed them anymore and just dump their
unspayed or neutered cats! they then mate and have kittens....
The humane resolution is fix, return, feed. Cat colony numbers decrease with this plan and that has been proven for
decades. Please do 5 minutes of research about that!
An appalled citizen,
Eileen McGovern
