Subject: Makila Farms Project

Aloha,

My name is Ikaika Neizman.. I am born and raised on Maui, here on the west side in Lahaina. I graduated from Lahainaluna in 2002 and I am 35yrs old. I have a Bachelors Degree in Political Science but I work outside my major at Old Lahaina Luau and also Royal Hawaiian Surf Academy. Although I have two jobs, I am nowhere near being able to afford a house for my fiancé and my 2yr old daughter. The Makila Farms project gives me a chance to own a part of Maui. My Grandma is full blooded Hawaiian and for me being Hawaiian, it would be the greatest privilege to be able to own my own land here in Hawaii! I believe the Makila Farms project is a great opportunity and is also different from other projects, maybe they learned from others what they did wrong and have made the corrections to be adaptable and suitable for the region of the project.. I applaud Greg Brown and his ability to offer more than 50% work force housing and although it is not 100% work force housing, I understand that he is trying to give back to an island that provides him with so much.. I do hope to be a part of this great opportunity and I hope other developers can take notes and give back more than they are taking.. It saddens me that I have to work so much to survive here in Hawaii and I am unable to be present at the meeting.. I hope for nothing but a positive outcome and support for this project, and I also pray for a positive outcome for myself.. Thank you and have a beautiful day!
