Subject: Front St Apts

Aloha to the Powers that Be.

I am a 66 year old , 12 year resident of Front St Apts. I pay my rent on the first of every month. I am on Social Security, medicare, and hold a part time job. I own my vehicle and keep it and my apt in pristine condition. I have wonderful neighbors who are a source of support and comfort to me. This is the only affordable housing for people making low wages. Unless the new development by Longs can match our current rent, many blue color workers will be forced out to live in the ~~se~~cemetery at Baby Beach. Without these service workers in our community who will cook the good and wash the toilets for the wealthy? Oh Well, perhaps the Zombie Apocalypse will coincide with my eviction.

Christina Currie Apt 404.
