**Subject:** Front Street Apartments

To Saral F Pajimola and Ellen Cochran

My name is Robin Sullivan, I live in unit 304 at the Front Street Apartments. I was quite upset when I heard the new purchasers were going to kick me out in three years. There are absolutely no apartments available. To put families out on the street is so not fair. We should have our same agreement on rental rates until we move out. The empty apartments can be rented at the new higher rental rate, but we, the current residents should not be made homeless. Why would any owner kick family's out on the street. We have a high number of family's, the the new owners would make homeless.

What would be the public opinion be, should we contact the TV and newspapers. Not very good press.

Sincerely,  
Robin T. Sullivan unit 304
