Subject: Re: Water Dept CC 20-197

Hi Lesley,

Attached is list of potential State Projects that may request water service from the Department of Water Supply's Central Maui Water System. I was asked to forward the list to you by the Engineering Division of the Department of Land & Natural Resources, as the intergovernmental agreement falls under the Engineering Division of the Department of Land & Natural Resources.

The Land Division of DLNR will be joining the meeting to answer any questions related to the Department of Land & Natural Resources portion of the Pulehunui project. Pulehunui includes proposed development by the Department of Land & Natural Resources, the Department of Accounting and General Services, the Department Public Safety, and the Department of Hawaiian Homelands.

Below are the emails for the State participants for next Monday's WIT committee meeting.

Department of Land & Natural Resources, Engineering Division
Carty Chang, Chief Engineer (Carty Chang, carty.s.chang@hawaii.gov)
Gayson Ching, Engineer (Gayson Ching, gayson.y.ching@hawaii.gov)

Department of Land & Natural Resources, Land Division
Russell Tsuji, Land Division Administrator (Russell Y. Tsuji, russell.y.tsuji@hawaii.gov)
Ian Hirokawa, Special Projects Coordinator (Ian C. Hirokawa, ian.c.hirokawa@hawaii.gov)

Please let me know if you need any additional information.

Thanks,

Wendy Taomoto, P.E.
Engineering Program Manager
