You're welcome...sorry so rushed...  
also, I received this recommendation to be added if not too late:

**11.4 Land Use and Housing**

**C. Goals, Policies Actions**

Policy #8 - add language: "and encourage use of native / suitable grasses, in accord with the conservation edict that 'if you want a forest, plant grass,' in order to develop a native mixed-species dryland forest cover."

thanks!

Hi Traci,

I'm so sorry, but I only have time for short responses on these:
