I'm interested in serving on a board or commission because I deeply care about the County of Maui. The island of Maui is the piece I call home. I am grateful for being brought up on a unique island filled with culture and community that cannot be found elsewhere. I am a licensed professional civil engineer and land surveyor in the State of Hawaii with over 12 years of experience. The experience I've gained from my profession provides me with the technical background and insight on infrastructure design, land development, and land matters in Hawaii. I have designed a variety of projects for the County, State, Federal Government, and private developers that have benefited the community. I am aware of the concerns of the community, the impacts of development on the environment, and the challenges throughout the process. I have a broad perspective, I understand the importance of preserving the island's natural resources, bridging differences, and maintain balance to better serve Maui's growing needs.
