Aloha Mike- My law office is on Market Street and the total disruption this parking lot and civic center will cause while being built is very concerning to me. It's projected to take 2 years, which means 4 and I'm worried for the merchants on Market St. because there will be no parking for their customers. I'm worried about how I'll go about my practice without day long parking. I have to drive back and forth to jail, to go on investigations and having only 3 hour parking available in Wailuku proper will be a drag. I can walk to court but where will I park? Taking a shuttle is out of the question.

Don't fund the next phase and put this project on hold. Frankly, the money could be used somewhere more meaningful, like for affordable housing.

My two cents...

Mahalo,

Wendy Hudson
