Maui County Council

Dear Chair Hokama:

**SUBJECT: AMENDING FISCAL YEAR 2018 BUDGET: DEPARTMENT OF ENVIRONMENTAL MANAGEMENT (WASTEWATER ADMINISTRATION PROGRAM – SEWER FUND, WASTEWATER OPERATIONS PROGRAM – SEWER FUND) (BF-74)**

In response to your letter dated September 18, 2017, requesting additional information regarding the replacement of three switchgears at the Lahaina Wastewater Reclamation Facility (WWRF):

1. "An itemized budget for the replacement of the switchgears"  
Please see attached Bid Results from May 16, 2017. ELCCO Inc was the low bidder at \$1,615,648. This bid was for a quantity of two switchgears and elimination of third switchgear.

COUNTY COUNCIL

2. "An explanation of the project, including the requirements from Maui Electric Company"  
Maui Electric Company's (MECo's) responsibility is wiring from power poles to switchgears. The original design was to replace two switchgears and eliminate the third switchgear. Eliminating third switchgear meant MECo would need to assume responsibility of additional wiring within three underground manholes, which upon plan review, they weren't willing to do. So, we were required to redesign the project for replacement of three switchgears.
3. "A copy of the request for proposal"  
Please see attached Advertisement to Bid for original bid (for quantity of two switchgears). Project still needs to be rebid for a quantity of three switchgears.

Thank you for your attention to this matter. Should you have any questions, please contact Eric Nakagawa at extension 7417.

Sincerely,  
  
STEWART STANT, Director  
Department of Environmental Management
