Subject: BF-87

Aloha Committee Chair Hokama and Members of the Committee:

The Department of Public Works supports the proposed bill to re-establish the Countywide CIP Coordinator. This position is key to making sure the various departments that have CIP coordinate their work to the extent practicable, and also provide CIP management services to other departments that do not always have capital projects and do not have dedicated, knowledgeable, and trained staff to oversee such projects.

The potential cost overruns of CIP that are not managed by very capable staff easily justifies that costs of this position.

Sincerely,

David Goode
Director, DPW

David C. Goode
Director
