Dear Ms. Case:

SUBJECT: FERAL ANIMAL MANAGEMENT ON MAUI (HFC-24)

At its meeting of January 9, 2020, the Maui County Council's Healthy Families and Communities Committee discussed the topic of feral animal management on Maui. The discussion generated several questions from Committee Members relating to the management of feral animals in the state.

May I please request your response to the following:

1. Does the Department of Land and Natural Resources oversee the management of all feral animals in the state? If not, please identify the branches of State government responsible for managing specific types of feral animals.
2. Provide an update on the fencing near Keālia Pond and its effectiveness in preventing feral pigs from accessing the area.
3. Provide information on the process for the importation of foreign feral animals, such as axis deer, into the state.
4. Provide information on how the State Division of Aquatic Resources is managing invasive aquatic species, including to'au, ta'ape, and roi.
