Subject: Recycling support

Hi,

I encourage the committee to provide funding to continue recycling projects and include collection of paint, scrap metal, and household batteries. I am a Rotarian and a volunteer at the 3rd Saturday Recycling day in West Maui. Additionally I volunteer with Malama Maui Nui for some of there projects. It was disappointing to have to deny collection from citizens at our Saturday Recycling day in July when they inquired about paint and household batteries.

Please find the funding to support these recycling programs.

Thanks,
Katie Zimmerman
