

**SECTION 4: IMPLEMENTATION & MONITORING**

PAGE	WHERE?	WHAT?		WHY?
		AMEND	ADD	
103	2 <sup>nd</sup> paragraph		specify "The Department of <u>Planning...</u> "	Clarify who is responsible
106	1.03	Coordinate the establishment of special improvement districts and community facilities districts [as appropriate] for areas in West Maui threatened by coastal hazards <u>and meeting specific criteria laid out by the county council, such as committing to implement managed retreat programs as the long term plan.</u>		We have discussed this in WIT we need to determine the criteria the county is willing to accept to utilize CFD process, especially if all shoreline areas come for CFD at once.
107, 113, 117, 119, 121	bottom of Pg	Replace [127] 105		
108	1.12	Develop a wildfire campaign with signage to build public awareness of wildfire. Improve community awareness of the human, economic, and environmental costs associated with wildfires caused by negligence or accident. Engage the community to create and maintain firebreaks, and [consider] <u>encourage</u> native dry land plants in landscaping in the drier areas of West Maui.		Native dry land plants are better suited for the area,
108	1.13	Propose amendments to the Maui County Code to require developments to incorporate defensible space around structures and communities and require ongoing maintenance of defensible spaces. <u>Maui Fire Department recommendations in regards to defensible space and required ongoing maintenance shall be easily accessible online.</u>		Corresponds with policy 2.1.7
108	1.15	Build a new fire station along Honoapiʻilani Highway, south of Lāhainā <u>and landward of the SLR-XA, extreme tsunami inundation line and Special Management Area,</u> to address increased call volume and improve response time in that area. (Estimated Cost: TBA to TBD)		It is crucial that our emergency response facilities are as safe as possible from impacts of climate change
108	1.16	Priority change from Low to High		Kānaka Maoli Lives Matter
110	1.20	Identify <u>and maintain a current inventory of</u> additional emergency shelter facilities that include storage of supplies and are located in the safest identifiable areas given the risk of natural or manmade disasters.		Maintaining a current inventory list makes the identification of these resources useful.
110	1.22	Develop and implement a more robust <u>and alternative back-up</u> communication system for use during emergencies.		We have a robust communication system that often goes down during emergencies.
110	1.23	Develop [a] <u>or partner to create</u> resiliency hubs [appropriate for] <u>throughout</u> the West Maui community		Survival is easier if we all work together

**SECTION 4: IMPLEMENTATION & MONITORING**

PAGE	WHERE?	WHAT?		WHY?
		AMEND	ADD	
110	1.26	Identify and implement temporary safety measures such as signage and lane shifts to alert the public of dangerous road conditions due to sea level rise and climate change- <u>specifically during extreme high tides or large surf from the south or west (in the areas south of the bypass).</u> MPD/DOT/DPW		A simple lane shift with traffic cones could avoid an accident until the highway is moved in land from breaking waves and aquatic life.
110		Footnote- The Maui County DWS <u>and DEM each own[s] one reservoir in West Maui...</u>		Update DEM recently purchased MLP reservoir
112	1.36	Identify location(s) and develop <u>or partner to create</u> recycling drop off center(s) that would collect and transfer all viable recyclables and regulated (EPA and DOH) materials such as green waste, appliances, e-waste, tires, and lead-acid batteries.		We can accomplish more/faster by partnering
116	2.04	Priority from Low to Medium		Important to the community
120	2.21	Work in partnership with State Department of Transportation to prioritize and facilitate realignment of Honoapi'ilani Highway out of the coastal hazard zone, and manage public lands makai of the new highway as <u>wetlands, public parks and open space.</u>		Some of the area has wetlands.
122	3.01	Prepare a management plan for County-controlled properties in County Historic District No. 1, with review by the Cultural Resources Commission, to describe the long-range [future] <u>stewardship</u> of these sites and their historical and cultural significance. Install interpretive signs <u>incorporating 'ōlelo Hawai'i</u> at County parks and properties in West Maui with historical, cultural or environmental significance. <u>Consider the installation of a flagpole at Kamehameha Iki Park for King Kamehameha III's Royal Standard.</u>		Putting back a little of CPAC vision
122	3.05	Propose amendment to expand the County Historic District to include both sides of Front Street from Shaw Street to the Puamana condo complex <u>once 3.06 is enacted to prohibit new vacation rentals without permits.</u>		It was clear from deliberations there was no desire for more vacation rentals in the expanded historic district.
122	3.06	Propose amendments to the Historic District Ordinances to allow existing hotels, prohibit new vacation rentals, and phase out existing vacation rentals that are not hotels or inns. <u>(Phasing out could be accomplished by counting vacation rentals towards short term rental home permit numbers).</u>		Some guidance on how to accomplish the item
122	3.08	[Explore the feasibility of developing an off-road vehicle use within the Maui Raceway Park in Pulehunui in Central Maui, if space is available] <u>Create an off road motor vehicle park in an area that will not damage critical watersheds and native forests, and encourage landowners to decommission existing off road motor vehicle trails in areas that damage watersheds.</u>		Restore CPAC language. It is kind of ridiculous that the West Maui plan would plan for something to be done in another district.

**SECTION 4: IMPLEMENTATION & MONITORING**

PAGE	WHERE?	WHAT?		WHY?
		AMEND	ADD	
124	3.16	Move priority from Low to Medium		The historic district designation is valuable to our community and should be enforced as such.
126	3.22	Obtain funding and implement cultural and educational programs to perpetuate Hawaiian [and other ethnic] heritage[s].		Hawaiian culture and heritage is unique to Hawaii there is no other place it can authentically be perpetuated, this is not to prevent support from other heritages but rather emphasize the significance of the Hawaiian culture and its uniqueness to Hawaii.
126	3.20	Develop policies and practices to <u>better</u> manage the use of parks with visitation levels that threaten their environmental or cultural integrity, create safety issues, or generate impacts that affect their intended function.		Parks are somewhat managed in this way through limited parking but could be always be better managed
126	3.21	Delete		This is a duplicate of Pg 132 – 5.18
126	3.23		<u>Inform current pool owners in the Special Management Area of policy 2.3.6 and its prohibition within the West Maui Community Plan Area.</u>	Type: Project Priority: High Timing: Mid County Lead Agency: Planning Estimated Cost: TBD Funding Source: County
128	4.04	Support farmers through increased funding for education and investment in <u>infrastructure.</u>		Added clarity
130	5.03	Work with other public agencies and the community to <u>identify wetlands and</u> implement the Pali to Puamana Master Plan.		There are likely some wetlands within the Pali to Puamana stretch and they should be cared for as wetlands for their ecological importance.
132	5.12	<u>Identify and propose amendments to</u> existing barriers in laws, rules and processes that prohibit the construction of safe, sanitary, and affordable on-farm employee housing for farm workers, <u>with special consideration given to non-permanent, modular housing as a solution.</u>		Bring back a little of CPAC vision
132	5.19		<u>Develop a system to ensure compliance with conditional zoning enforced in a timely manner.</u>	Situations like Kapalua Mauka Type: Project Priority: High Timing: Mid County Lead Agency: Planning Estimated Cost: TBD Funding Source: County
