You don't often get email from dgbender808@gmail.com. [Learn why this is important](#)  
What is wrong with Maui County Council?

Maui Mayor Bissen wants to convert 7K short term rentals in to much need long-term housing and as usual the Maui County Council is dragging their feet.

You know this needs to be done.

We know there is pay-to-play going on here

Who's pockets on the council are getting greased this time?

We know the council never does anything that doesn't benefit the members directly.

We are not stupid.

Donna Bender Honokowai
