Memorandum

Re: Intergovernmental Agreement with the U.S. Immigration and Customs Enforcement Homeland Security Investigations (GREAT-42)

I. INTRODUCTION

This memorandum responds to your February 4, 2022 RFLS regarding the proposed Memorandum of Understanding (“MOU”) between the County of Maui and the U.S. Immigration and Customs Enforcement Homeland Security Investigations (“HSI”) which allows certain Maui Police Department (“MPD”) officers to be deputized as Homeland Security Investigations Task Force Officers (“TFOs”).

The MOU does not relate to the immigration enforcement operations of Immigration and Customs Enforcement (“ICE”). The MOU states explicitly, in italics, that “*HSI is not conveying the authority to enforce administrative violations of immigration law.*”

The MOU memorializes a cooperative agreement between HSI and MPD to participate on an HSI Task Force focused on enforcing and preventing drug trades and human trafficking. Such participation will provide MPD officers with access to specialized training and experience. In relevant part, under the MOU, HSI agrees to designate certain MPD officers as TFOs and provide appropriate training in “laws, policies, and procedures” for each qualified and designated MPD officer. In return, MPD agrees that only sworn MPD officers who complete the HSI training course and receive an approved designation form would be designated as TFOs.

There is additional confirmation outside of the four corners of the MOU that MPD offers acting as TFOs will not participate in immigration raids, or other

immigration enforcement. The designation form, or ICE Form 73-001, sets forth the various authorities that may be granted to a TFO and any restrictions that may apply. That form is attached to this memorandum as Attachment 2. In Section 14, there is a pre-checked box which indicates that “The TFO is not granted the authority to enforce administrative violations of immigration law.”

HSI Directive 18-02, included as Attachment 3, also provides guidance regarding the designation of MPD officers as TFOs. The Directive provides that MPD officers “may be designated as Customs Officers (excepted) and authorized to perform the full range of law enforcement duties of a Customs Officer, as authorized by an HIS Special Agent in Charge (SAC).” This power is limited because the Directive explicitly provides that “these TFOs are not granted the authority to enforce administrative violations of immigration law under Title 8 or controlled substance violations under Title 21.”

II. RESPONSES TO SPECIFIC QUESTIONS AND CONCERNS

A. Whether the matter is time sensitive.

This matter is not time sensitive. MPD is operating pursuant to an existing 2017 agreement that allows Maui police officers to be TFOs, which is nearly identical to the proposed MOU. The purpose of the new MOU is to restate the existing agreement and include the Body Work Camera (BWC) policy attached to the new MOU. Those policies are included in Attachment 1.

If Council does not approve the amended and restated MOU, MPD will continue to abide by the 2017 agreement, which does not include the BWC policies. MPD may be able to provide additional details as to what consequences that might have for their current work as TFOs. We have been informed that HSI has requested the new, restated agreement to allow officers acting as TFOs to use BWCs in accordance with federal policies.

B. Whether an ordinance similar to San Francisco’s City and County of Refuge ordinance is necessary in conjunction with the agreement.

For the reasons detailed above, it is not necessary to pass such an ordinance in conjunction with approval of the MOU if Council’s intent is to limit MPD officer’s ability to assist ICE with immigration raids or immigration-related arrests. Moreover, the provisions of the San Francisco ordinance may be interpreted to prevent any coordination between County officers and employees and anyone in the Department of Homeland Security, even on non-immigration matters.

If it is Council's desire to introduce an ordinance to clarify that County funds cannot be used to assist ICE in immigration actions, we can draft an such an ordinance. There may be unforeseen consequences to passing such an ordinance, but it should not prevent the County from entering into the revised MOU.

C. The agreement is limited to ICE/HSI and does not extend to other directorates or divisions of ICE.

As described above, the MOU allows deputized officers to perform duties delegated to them, as identified on the designation form. That form explicitly excludes the authority to enforce administrative violations of immigration law.

D. Legal interpretation of "abuse of HSI cross-designation authority."

We interpret this clause to mean that if an MPD officer acts outside of the specific designations on their designation form while performing duties of a TFO, HSI may revoke any authority given to an MPD officer pursuant to the MOU.

E. Legal interpretation of "customs officers are authorized to enforce the full range of federal offenses" and "HSI is not conveying the authority to enforce administrative violations of immigration law."

In accordance with 19 U.S.C. 1589a, as Customs Officers, the TFOs are authorized to enforce the full range of federal law, including violations of other titles of the U.S. Code, such as federal crimes that are not directly customs related. However, in accordance with the language of the MOU and HSI Directive 18-02, the TFOs are not granted the authority to enforce administrative violations of immigration law under Title 8 of the U.S. Code or controlled substance violations under Title 21 of the U.S. Code.

F. Whether proposed resolution can be amended to less prominently reference "ICE."

Yes. If requested, we can provide the GREAT Committee with a new draft resolution that includes all of the forms referenced in this memorandum to resolve any community concerns that this MOU would allow designated MPD officers to perform immigration raids or act as ICE officers to enforce immigration law.

III. RECOMMENDATION AND CONCLUSION

We recommend that our office submit a new proposed resolution approving the MOU that includes language which highlights and identifies the exclusion of authority to enforce administrative violations of immigration laws. We further recommend that Council consider and approve the MOU, so that there is no doubt as to the circumstances in which MPD officers performing duties as TFOs can wear and use their BWCs.

Respectfully,

Keola R. Whittaker
Deputy Corporation Counsel
County of Maui

MEMORANDUM OF UNDERSTANDING

between

U.S. IMMIGRATION AND CUSTOMS ENFORCEMENT
HOMELAND SECURITY INVESTIGATIONS

and

COUNTY OF MAUI, DEPARTMENT OF POLICE
("Maui Police Department")

regarding

THE DESIGNATION OF MAUI POLICE DEPARTMENT EMPLOYEES
AS CUSTOMS OFFICERS (EXCEPTED)

1. **PARTIES.** The Parties to this Memorandum of Understanding (MOU) are U.S. Immigration and Customs Enforcement (ICE) Homeland Security Investigations (HSI) and Maui Police Department.
2. **AUTHORITY.** Title 19, United States Code (U.S.C.), Section 1401(i); 19 U.S.C. § 1589a. This MOU is also authorized under the provisions of Maui County Code Chapter 2.20.
3. **PURPOSE.** The Parties agree that effective enforcement of the laws relating to HSI jurisdiction requires close cooperation and coordination between the two Parties. The Parties have therefore entered into this MOU to govern the use of HSI designations by certain employees of Maui Police Department.

Pursuant to section 401(i), Tariff Act of 1930, as amended (19 U.S.C. § 1401(i)), the Secretary of Homeland Security is authorized to designate persons as Customs Officers (Excepted) to perform the duties of a Customs Officer. Within ICE, this authority has been delegated to the HSI Special Agents in Charge. Pursuant to 19 U.S.C. § 1589a, customs officers are authorized to enforce the full range of federal offenses. However, in designating Customs Officers (Excepted), *HSI is not conveying the authority to enforce administrative violations of immigration law.*

There may be instances when HSI determines that it is desirable for certain sworn law enforcement employees of Maui Police Department to perform certain HSI duties. This MOU sets forth the agreement and relationship between the Parties with respect to this determination.

4. **RESPONSIBILITIES.**

The Parties agree as follows:

HSI agrees to:

- a. Designate certain employees of Maui Police Department as Customs Officers (Excepted), without additional compensation, to perform the duties as noted on the "Designation, Customs Officer (Excepted) – Title 19 Task Force Officer" (ICE Form 73-001). This form is attached and is hereby made part of this MOU;
- b. Issue a "Designation, Customs Officer (Excepted) – Title 19 Task Force Officer" (ICE Form 73-001) to each qualified and designated employee;
- c. Provide appropriate training in laws, policies, and procedures to each designated employee;

- d. Advise the designated Customs Officers (Excepted) about court proceedings concerning seizures or arrests made by them in accordance with the authorities granted by HSI contemplated under this MOU; and
- e. Process, under appropriate regulations, any injury claim submitted as a result of injuries occurring to the designated Customs Officers (Excepted) while such individuals are acting pursuant to this MOU, for compensation under the Federal Employee Workers Compensation Act (5 U.S.C. § 8101, *et seq.*).

Maui Police Department agrees:

- a. That only sworn law enforcement officers of Maui Police Department who successfully complete the appropriate HSI Task Force Officer cross-designation Training Course and receive an approved "Designation, Customs Officer (Excepted) – Title 19 Task Force Officer" (ICE Form 73-001) will be designated as Customs Officers (Excepted);
- b. That each law enforcement officer will be bound by the Authorities Granted and the Endorsements and Restrictions as noted on the "Designation, Customs Officer (Excepted) – Title 19 Task Force Officer" (ICE Form 73-001);
- c. To advise HSI of each court proceeding in which the validity of a Customs Officer (Excepted)'s enforcement authority becomes an issue, and allow HSI to provide legal memoranda or other assistance as deemed necessary by HSI;
- d. That agency employees designated as Customs Officers (Excepted) will follow HSI directives and instructions when utilizing enforcement authority conveyed by HSI;
- e. To provide to HSI, before designation of each officer and on an ongoing basis, any derogatory information, or information that may call into question the officer's truthfulness or ability to testify in court; and
- f. To return all HSI-issued equipment and identification when a cross-designated officer terminates employment or when his or her cross-designation expires.

Both Parties agree:

- a. That any abuse of HSI cross-designation authority may lead to the revocation of such cross-designations by HSI; and
- b. To schedule periodic meetings to review this MOU, as required.

5. REPORTING AND DOCUMENTATION. HSI SAC offices will maintain the original signed "Designation, Customs Officer (Excepted) – Title 19 Task Force Officer" (ICE Form 73-001). Copies of this form will be held by the Contraband Smuggling Unit at HSI Headquarters, the designated Customs Officer (Excepted), and Maui Police Department.

If applicable, the HSI office will maintain documentation of designated Customs Officers (Excepted) approved to use HSI vehicles and certification that the designated Customs Officers (Excepted) have completed the ICE Fleet Card Training in Virtual University and any other fleet related training.

**U.S. IMMIGRATION AND CUSTOMS ENFORCEMENT

**HSI Directive 21-04: Use of Body-Worn Cameras by State and Local Title 19
Cross-Designated Task Force Officers**

Issue Date: March 3, 2021

Effective Date: March 3, 2021

Superseded: N/A

Federal Enterprise Architecture Number: 306-112-002b

1. **Purpose/Background.** The Department of Homeland Security, U.S. Immigration and Customs Enforcement (ICE), Homeland Security Investigations (HSI) partners with state and local law enforcement agencies throughout the nation on joint task forces. These relationships are vital to achieving HSI's mission of protecting our national security as well as the communities which we serve.

Several of HSI's partner state and local agencies have implemented internal policies mandating the use of body-worn cameras (BWCs) and have requested that their officers wear BWCs while conducting planned arrests and executing search warrants during federal task force operations. Other state and local agencies do not equip or mandate the use of BWCs.

This Directive provides guidance regarding the use of BWCs by task force officers (TFOs) assigned to or assisting HSI-led task forces or groups.

2. **Policy.** It is HSI policy to establish clear standards specific to the authorization and oversight of HSI operations, including the use of non-HSI law enforcement personnel assigned as TFOs to HSI-led task forces or groups. Where the parent law enforcement agency has an internal BWC policy, HSI will permit the use of BWC by state and local Title 19 cross-designated TFOs assigned to or assisting HSI-led task forces or groups during planned enforcement operations subject to the restrictions herein. In the event that the TFO parent agency's BWC policy is inconsistent or contradictory with this Directive, this Directive will control the use of BWCs by TFOs during all HSI-led operations. The responsibility to ensure that BWCs are in working order lies with the respective TFO and the issuing parent law enforcement agency.
3. **Definitions.** The following definitions apply for purposes of this Directive only:
 - 3.1. **Body-Worn Camera:** A wearable electronic device which, when active, records the audio, video, or photographic record of the wearer's actions in the performance of his or her duties.

- 3.2. Duplicate:** In accordance with Section 1001(e) of the Federal Rules of Evidence, the term “duplicate” means a counterpart produced by mechanical, photographic, chemical, electronic, or other equivalent process or technique that accurately reproduces the original.
- 3.3. Parent Agency:** The employing law enforcement agency of the TFO assigned to or assisting an HSI-led task force or group.
- 3.4. Recording(s):** The audio and video recordings and associated metadata from TFOs’ BWCs made during HSI-led planned enforcement operations, including state and local warrants utilized by HSI.
- 3.5. Task Force Officer:** A sworn domestic or foreign law enforcement officer assigned to or assisting an HSI-led task force or group in compliance with HSI Directive 18-02, Law Enforcement Officers Designated to Act as Customs Officers (Excepted) for Investigative Purposes, dated July 30, 2018, or as updated.
- 4. Responsibilities.**
- 4.1.** The **Executive Associate Directive** of HSI is responsible for the oversight of the policy and procedures in this Directive.
- 4.2.** The **Deputy Assistant Director, Transnational Organized Crime 1**, is responsible for overseeing the overall implementation of the provisions of this Directive within HSI.
- 4.3.** The **Unit Chief, Contraband Smuggling Unit**, is responsible for the implementation of the provisions of this Directive within HSI.
- 4.4.** The **National TFO Coordinator** is responsible for the implementation and recordkeeping of compliance with the provisions of this Directive.
- 4.5.** **Special Agents in Charge (SACs)** are responsible for implementing the provisions of this Directive within their respective areas of responsibility (AORs).
- 4.6.** **Assistant Special Agents in Charge (ASACs)** are responsible for implementing the provisions of this Directive within their respective AORs.
- 4.7.** **Resident Agents in Charge (RACs)** who are second-line supervisors are responsible for implementing the provisions of this Directive within their AORs.
- 4.8.** **Local TFO Coordinators** are responsible for the implementation and recordkeeping of current Designation, Customs Officer (Excepted) – Title 19 Task Force Officer (ICE Form 73-001) and the Memorandum of Understanding template (ICE Form 73-002), as well as for coordinating the implementation of this Directive as outlined in Section 5.3.
- 4.9.** **Case Agents** are responsible for complying with the provisions of this Directive.

4.10. Task Force Officers are responsible for complying with the provisions of this Directive while operating in HSI-led operations.

5. Procedures/Requirements.

5.1. Permissible Use of Body-Worn Cameras by Task Force Officers. Unless subject to specific exceptions below, state and local Title 19 cross-designated TFOs employed by parent law enforcement agencies that mandate the use of BWCs while assisting on federal task forces or groups may wear and activate their recording equipment for the purpose of recording their actions during HSI-led enforcement operations in which there is:

- 1) a planned attempt to serve an arrest warrant or other planned arrest; or
- 2) the execution of a search warrant.

TFOs may activate their BWCs only when they are physically present in a location or within a jurisdiction where their parent agency's BWC policy is applicable. In no circumstance are TFOs authorized to activate their BWCs outside the confines of their parent agency's home state. TFOs are authorized to activate their BWCs upon approaching a subject or premises and will deactivate their BWCs when the scene has been determined safe, secured, and under law enforcement control by the federal supervisor on the scene as designated by HSI. TFOs who intend on activating BWCs while assisting on HSI-led task forces or groups must be present for Operation Plan briefings and shall verbally advise all task force participants of the presence of, and intent to, activate BWCs. When practicable, TFOs shall verbally notify task force participants when activating BWCs during an operation, and, when practicable, will advise when BWCs are deactivated.

5.2. Prohibited Use of Body Worn Cameras by Task Force Officers. TFOs are prohibited from recording:

- 1) Undercover operations;
- 2) Confidential informants or confidential sources;
- 3) Sources of information;
- 4) Witness interviews; or
- 5) On-scene actions by any non-law enforcement persons who are assisting law enforcement personnel prior to, during, or after an operation.

TFOs are prohibited from activating their BWC if they are:

- 1) Using specialized or sensitive investigative techniques,
- 2) operating in a sensitive area, or
- 3) working in an undercover or covert status on behalf of the federal task force or federal agency or if it is determined that the BWC will compromise sensitive investigative techniques.

Subject to HSI's discretion, TFOs generally shall not use their BWCs to record any activities related to investigations involving public corruption, medical facilities, national security, international controlled deliveries, or other specialized law enforcement techniques approved for operation by the SAC.

The SAC's designee will not be lower than an ASAC or a RAC supervisory level. If there is a disagreement between the TFO's parent agency and HSI about when an exemption is warranted, the ASAC will work with the TFO's parent agency and resolve the issue. In the event that the ASAC and the TFO's parent agency's designee are unable to resolve the conflict, the SAC and the head of the TFO's parent agency will resolve the issue.

TFOs are prohibited from wearing, using, or activating BWCs within ICE work spaces or ICE operated facilities.

- 5.3. Implementation of this Directive.** Implementation of this Directive will be achieved within 60 calendar days of the date of signature of this Directive. Local TFO Coordinators will provide this Directive to all state and local Title 19 cross-designated TFOs and their parent agencies for review and acknowledgement. They will then coordinate the execution of a new ICE Form 73-001 for each Title 19 cross-designated TFO in which Block 14, Other Endorsements and Restrictions, will state "The TFO is permitted to utilize a [TFO parent agency]-issued BWC during HSI-led operations in compliance with HSI Directive 21-04, Use of Body-Worn Cameras by State and Local Title 19 Cross-Designated Task Force Officers, dated March 3, 2021, or as updated." Lastly, a new ICE Form 73-002 will be executed by the parent agency of each state and local Title 19 cross-designated TFO. This will allow for the limited utilization of BWCs on HSI-led task forces or groups if required by the TFO's parent agency. The parent agency's internal BWC policy will be made available to the SAC in the relevant AOR and attached to both the updated ICE Forms 73-001 and 73-002 referenced herein. If any parent agency enacts an internal BWC policy subsequent to this Directive being enacted, a copy will be provided to HSI and attached accordingly.

5.4. Notification of Internal Investigation(s).

A TFO's parent agency will promptly notify the HSI case agent of any internal investigation(s) pertaining to a TFO assigned to, or assisting, an HSI-led task force or group.

HSI case agents will convey a parent agency notification to the ICE Office of Professional Responsibility's Joint Intake Center (JIC) for its review, in accordance with HSI's current reporting procedures.

In the event that an HSI-led operation that includes the participation of a TFO is submitted to the JIC for review, the HSI case agent will notify the parent agency's office of internal affairs, or equivalent, and provide a point of contact for coordination.

5.5. Parent Agency Disclosure or Dissemination of TFO BWC Recordings.

General Prohibition on Disclosure. In the situations where the TFO's BWC recordings were captured during an HSI-led operation, the parent agency may not disseminate the BWC recordings outside of the parent agency or for public release without written approval from HSI.

Request for expedited public release. If a parent agency seeks expedited public release of a recording, the parent agency shall ask for approval from HSI and the United States Attorney. Situations in which a parent agency seeks expedited public release may include, but are not limited to, a recording which depicts TFO conduct resulting in the serious bodily injury or death of another person during the execution of an HSI-led operation. HSI and the United States Attorney will, as expeditiously as possible, review the request and provide written concurrence or nonconcurrence. HSI and the United States Attorney may require redactions or other appropriate protection of information. If concurrence is granted, the parent agency will give as much advanced notice as possible to both HSI and the United States Attorney as to the time and manner of the recording's release.

Exception to General Prohibition on Disclosure. The TFO's parent agency is authorized to use TFO BWC recordings for internal investigations of its personnel consistent with its policies and procedures without seeking or obtaining HSI approval.

6. Recordkeeping.

- 6.1. BWC Recording.** The TFO parent agency will provide to the HSI Case Agent a duplicate and unredacted copy of all BWC recording(s) captured during an HSI-led operation in a timely manner and on an HSI-approved media storage device. A review of the BWC recording will be conducted and a Report of Investigation will document the event contained in the BWC. A working copy of the BWC recording will be retained in the case file and provided with other law enforcement sensitive data to the United States Attorney's Office or District Attorney's Office for potential evidentiary value in

accordance with the current federal discovery process and timelines. HSI will not release data to any other entity without prior consent from the parent agency.

- 6.2. Records Retention.** All BWC recording(s) will become part of the HSI case file and must be maintained in accordance with a National Archives and Records Administration (NARA)-approved records schedule. These records are currently not covered under an approved schedule; as a result, they are considered unscheduled and must be maintained permanently until a schedule has been approved. If the records are or become subject to a litigation hold, they may not be disposed of under a records schedule and must be retained until further notification. Questions regarding retention of the recordings should be directed to the Records Unit in the ICE Office of Information Governance and Privacy.
- 6.3. Recordkeeping Compliance.** HSI personnel will ensure the safeguarding, maintenance, retention, and disposition of TFO BWC recordings in accordance with the Privacy Act, agency policy, any litigation holds, and any applicable records schedule. Local TFO Coordinators will ensure compliance and retention of completed ICE Forms 73-001 and ICE Forms 73-002 reflecting authorization to wear BWCs within their AOR. All local TFO Coordinators will work with the national TFO program coordinators annually to report their AOR's compliance.

**HSI Directive 18-02: Law Enforcement Officers Designated to Act as Customs
Officers (Excepted) for Investigative Purposes**

Issue Date: July 30, 2018
Effective Date: July 30, 2018
Superseded: U.S. Immigration and Customs Enforcement (ICE) Office of Investigations (OI) Directive 05-007, "Foreign Personnel Designated to Act as Customs Officers (Excepted) for Investigative Purposes," dated May 3, 2005; Homeland Security Investigations (HSI) Directive 14-02, "Law Enforcement Officers Designated to Act as Customs Officers (Excepted) for Investigative Purposes – Domestic," dated May 7, 2014; and HSI memorandum, "Restructuring the HSI Task Force Officer Program," dated May 19, 2017, including its Appendix, "Parameters for Use of "Initiative Based" Task Force Officers."

Federal Enterprise Architecture Number: 306-112-002b

1. **Purpose/Background:** This Directive provides guidance regarding the designation of federal, state, local, tribal, and foreign law enforcement officers (LEOs) to perform the duties of a Customs Officer (Excepted), referred to as "Title 19 Cross-Designated Task Force Officers (TFOs)" or "Cross-Designated TFOs," on behalf of HSI.
2. **Policy:** It is the policy of HSI that, pursuant to Title 19, United States Code (U.S.C.), Section 1401(i), sworn LEOs from state, local, tribal, and foreign agencies may be designated as Customs Officers (Excepted) and authorized to perform the full range of law enforcement duties of a Customs Officer, as authorized by an HSI Special Agent in Charge (SAC). Cross-Designated TFOs may exercise this authority only when operating on behalf of HSI. Cross-designation augments, but does not affect or supplant, any authorities granted to TFOs by their parent agency.

In accordance with 19 U.S.C. § 1589a, as Customs Officers, Title 19 Cross-Designated TFOs are federal LEOs and are authorized to enforce the full range of federal law, including violations of other titles of the U.S. Code, including, but not limited to, Title 18 and Title 31. However, these TFOs are not granted the authority to enforce administrative violations of immigration law under Title 8 or controlled substance violations under Title 21.

- 2.1. **Cross-designation of Other Federal LEOs:** Federal LEOs will not receive Title 19 cross-designation. However, all federal TFOs shall attend the training set forth in this Directive, be bound by its policy, and act under the direction of the HSI SAC when conducting investigations directed by HSI.

- 2.2. **Federal LEOs Who Already Retain "Customs Officer" Designations:** U.S. Customs and Border Protection Officers, U.S. Border Patrol Agents, and any other LEOs who are already legally designated as Customs Officers by their parent agency, as set forth in 19 U.S.C. § 1401(i), will not be cross-designated by HSI. This includes ICE Enforcement and Removal Operations officers who maintain limited Title 19 authority. However, if serving as HSI TFOs, these LEOs shall attend the training set forth in this Directive and be bound by its policy, and act under the direction of the HSI SAC when conducting investigations directed by HSI. (Note: For further guidance on these matters, contact the Unit Chief, Contraband Smuggling Unit (CSU).)
- 2.3. **Demand for Assistance of Other LEOs:** Pursuant to 19 U.S.C. § 507(a)(2), as Customs Officers HSI SAs and Cross-Designated TFOs have the authority to demand the assistance of any person in the execution of their duties. This authority may be used to demand the assistance of other LEOs who may be working with the HSI SA or the Cross-Designated TFO. (Note: Questions regarding this authority may be directed to the ICE Office of the Principal Legal Advisor (OPLA).)
3. **Definitions:** The following definitions apply for the purposes of this Directive only:
- 3.1. **Background Investigation:** A term used to describe the various types of personnel security investigations into an individual's history which are used to determine the individual's suitability or fitness and/or to make a determination as to whether the individual is eligible for access to Classified National Security Information at the appropriate level for the position. Background investigations are conducted using a variety of methods including the completion of questionnaires, electronic inquiries, written or telephonic inquiries, or through personal contact with individuals.
- 3.2. **Badge and Credential Coordinator (BCC):** An HSI employee in each domestic HSI area of responsibility (AOR) designated by the SAC to manage the needs of the local field office's employees regarding badges, seals, and credentials.
- 3.3. **Cross-Designated TFO:** A LEO who is designated by an HSI SAC to perform the duties of a Customs Officer (Excepted) for investigative purposes. Cross-Designated TFOs must complete the training set forth in this Directive.
- 3.4. **Customs Officer (Excepted):** Any person designated by the Secretary of the Department of Homeland Security (DHS), or his or her designee, authorized to perform the full range of law enforcement duties of a Customs Officer (Excepted) who does so without additional compensation. This term also indicates that there may be restrictions on how much authority is delegated or how the delegated authority may be used. Customs Officers (Excepted) are often referred to as "cross-designated," and this designation is often referred to as "Title 19 authority."
- 3.5. **Full-Time TFO:** A sworn LEO who is co-located with and assigned to an HSI-led task force or group, significantly contributing to multiple HSI investigations and reporting to

an HSI supervisor. Full-Time TFOs are cross-designated with Title 19 authority and are granted facilities/information technology systems access, thus receiving HSI TFO Badge and Credentials and a Personal Identity Verification (PIV) card.

- 3.6. **HSI TFO Course (TFO Course):** A curriculum designed by CSU at HSI Headquarters (HQ) and delivered by each HSI office to educate and enhance the ability of TFOs to leverage their respective parent agency's authorities along with the authority granted to them by HSI.
- 3.7. **HSI TFO Badge and Credentials:** The badge and credentials issued to state and local TFOs. Federal TFOs already possess badges and credentials declaring their authorities. (Note: TFOs and other Task Force Personnel (TFP) may be issued other forms of identification during their assignment to HSI. The inventory, control, and reporting relative to these items will be governed by relevant DHS and ICE policy.)
- 3.8. **ICE Badge and Credential Program Manager:** The designated ICE official in the Office of Professional Responsibility (OPR) Security Management Unit at ICE HQ who is responsible for the overall management of the operational and administrative functions of the ICE Badge and Credential program.
- 3.9. **Initiative-Based TFO:** An HSI Initiative-Based TFO is a TFO assigned to support an AOR-specific, HQ-approved investigative program for a specific initiative that is conceived by the local SAC field office and submitted via memorandum to HSI HQ for approval and concurrence by the Assistant Director (AD), Investigative Programs, and the AD, Domestic Operations.
- 3.10. **National TFO Coordinator:** An HSI SA assigned to CSU at HSI HQ who coordinates and manages the HSI TFO Program (TFOP). The National TFO Coordinator is the primary HQ point of contact for field TFO Coordinators.
- 3.11. **Parent Agency:** The employing law enforcement agency of the TFO assigned to HSI.
- 3.12. **Part-Time/Case Specific TFO:** A sworn LEO assisting in a specific HSI investigation that warrants routine and regular access to HSI facilities and/or information technology systems. Part Time/Case-Specific TFO appointments are documented via a SAC-approved memorandum that provides an ongoing HSI case number and executive summary, along with prosecutor and HSI supervisor contact information. Part Time/Case-Specific TFOs will be cross-designated and may or may not receive HSI TFO Badge and Credentials, based on operational needs.

(Note: Should there be an operational need for the Part Time/Case-Specific TFO to be issued HSI TFO Badge and Credentials, the nominating SAC must provide a specific justification via a memorandum for approval by the Deputy Assistant Director, Illicit Trade, Travel and Finance Division. Additionally, should a Part Time/Case Specific TFO require unescorted access to HSI facilities and/or access to information technology

systems, it will be incumbent upon the sponsoring SAC office to procure and issue a PIV card to the TFO.)

- 3.13. State and Local Overtime (SLOT):** Dedicated federal funding for state and local LEOs working with HSI. (Note: SLOT funding is not directly predicated on TFO metrics or the designation of a state/local LEO as a Cross-Designated TFO. TFOs who are not cross-designated may still receive SLOT funding. Domestic Operations and the Asset Forfeiture Unit oversee the SLOT program and can address any questions and concerns.)
- 3.14. Task Force Officer (TFO):** A sworn domestic or foreign LEO assigned to, or assisting, an HSI-led task force or group on a regular basis.
- 3.15. Task Force Personnel (TFP):** Non-sworn law enforcement personnel, such as intelligence analysts and National Guard members who are assigned to HSI-led task forces or groups. TFP must attend the TFO Course but will not be cross-designated or receive HSI TFO Badge and Credentials. TFP may only be classified as Full-Time or Part-Time. Additionally, should TFP require unescorted access to HSI facilities and/or access to information technology systems, it will be incumbent upon the sponsoring SAC office to procure and issue a PIV card to each individual.

The SAC must also attach a copy of the agenda (including instructor(s)' names and corresponding course titles) and a completed roster for the course, including all pertinent TFO/TFP information (name, last four digits of the Social Security Number, date of birth, and parent agency). Requests for cross-designation will not be accepted without this certification.
- 14) **Memorandum of Understanding (MOU):** Prior to TFO Course attendance, HSI SACs are required to transmit an executed MOU (ICE Form 73-002) with each prospective TFO's parent agency. The MOU will outline the HSI duties that the TFO will be authorized to perform upon successful completion of training and his or her role in HSI. Where an MOU is already executed between HSI and the parent agency, a new MOU is not required.
- 15) **Designation and Issuance of the Designation Form:** All authorized designations will be documented in writing via ICE Form 73-001, executed by the HSI SAC.
- a) ICE Form 73-001 sets forth the authorities that may be granted to a TFO (Section 13 of the form) and any endorsements and restrictions (Section 14 of the form) that apply. The SAC should be familiar with the endorsements and restrictions and may limit the scope of the designation to certain activities and/or within a particular AOR by annotating ICE Form 73-001. Unless otherwise limited on ICE Form 73-001, the Cross-Designated TFO will have the same authority as HSI SAs when enforcing customs laws. Use of these authorities shall be coordinated by the respective TFO's HSI supervisor.
 - b) Unless otherwise limited on the Designation Form (ICE Form 73-001), the authority of a Cross-Designated TFO is valid anywhere within the United States, its territories, or customs waters, and may be exercised as such.
 - c) Cross-Designated TFOs may use the authority granted by their designation only when performing official HSI duties.
 - d) Cross-Designated TFOs must immediately contact the assigned HSI supervisor when their employment status within their agency or department changes, including, but not limited to, suspension, promotion, retirement, reassignment, or resignation.
- 16) **Duration of Cross-Designation:** TFO appointments as Customs Officers (Excepted) under this Directive are valid for as long as the TFO remains assigned to HSI, provided that he or she attends legal training every 2 years upon receiving cross-designated status. A new ICE Form 73-001 must be executed upon each recertification. All Part Time/Case-Specific TFO appointments expire 1 year from

the date of initial SAC approval and can be extended as operationally required by the approving SAC on a yearly basis with concurrence from CSU.

17) **Revocation or Cancellation of Designation:** The SAC is responsible for ensuring that ICE Form 73-001 is filed for, and HSI TFO Badge and Credentials are issued to, only current TFOs, and that revoked or expired HSI TFO Badge and Credentials are returned to the BCC and entered into FACTS.

a) Cross-designation may be revoked at any time at the discretion of the SAC, or if the TFO separates from the parent agency, is transferred outside the SAC's AOR, or if his or her parent agency terminates the executed MOU.

b) When revoked or expired, the issuing HSI SAC or designee must collect the HSI TFO Badge and Credentials and any other identification or equipment as necessary.

18) **Accountability regarding ICE Form 73-001 and HSI TFO Badge and Credentials:** Each HSI office must maintain original copies of ICE Form 73-001 for the duration of the TFO's assignment to HSI.

a) SACs will review, on a biannual basis, all ICE Forms 73-001 and HSI TFO Badges/Credentials issued by their office. Additionally, BCCs, in conjunction with the respective Group Supervisors, are responsible for physically inventorying and verifying the HSI TFO Badge and Credentials during the FACTS Fiscal Annual Inventory.

b) The loss or theft of any HSI TFO Badge and Credentials must be immediately reported to the issuing HSI SAC, the National TFO Coordinator, and the ICE BCC. Also, the issuing HSI SAC, or his or her designee, must follow the procedures outlined in Attachment A, "Procedures for Reporting Lost/Stolen Law Enforcement Badges, DHS Seal Badges, and Credentials," of ICE Directive 3002.1, "ICE Badge and Credential Program," dated January 12, 2010, or as updated or superseded.

duties of a Customs Officer, as described herein and as authorized by the SAC. In order to be cross-designated as a Customs Officer (Excepted), a foreign LEO must be a full-time sworn LEO assigned to an HSI-led task force on a full-time basis. Once cross-designated, and in accordance with the endorsements and restrictions granted on ICE Form 73-001, such Cross-Designated TFOs may transport and possess their parent agency-issued firearms and ammunition in the United States. This designation shall not authorize officers to carry a firearm if they are not authorized by their parent agency.

- 2) **Additional Vetting:** In addition to all vetting and background checks conducted by OPR, foreign cross-designated TFOs must undergo "Leahy Vetting" conducted by the U.S. Department of State (DOS) and required for all foreign government officials receiving assistance (including training) on behalf of the United States, as per the Foreign Assistance Act of 1961, as amended. 5.4. Communications: All communications regarding TFOs/TFP will be processed from the field via the local TFO Coordinator or TFO ASAC to the National TFO Coordinator.

5.5. Accountability: In an effort to ensure accountability at all levels of the program, the TFOP will participate in the Self-Inspection Program (SIP), administered on an annual basis by the Management Inspections Unit in OPR.
