**Re: Scope of Work and Fees for Providing Required Actuarial Information
Needed for GASB 68 for Fiscal Year 2016**

Dear Thom:

As you are aware, the current actuarial consulting services contract between the Employees' Retirement System of the State of Hawaii (ERS) and Gabriel, Roeder, Smith & Company (GRS) provides a fee quote for work performed in providing information in connection with the Governmental Accounting Standards Board (GASB) Statement No. 68, "Accounting and Financial Reporting for Pensions". This letter outlines the deliverables and services GRS will provide to assist ERS in providing this information that your participating employers will need to conform to the requirements of the GASB No. 68 disclosures. We will also restate the fees from the contract and the manner in which they will be invoiced and collected.

Scope of Work

The scope of work outlined in this letter pertains to information (to be prepared by GRS) necessary for the employers' financial statements for the fiscal year ending June 30, 2016. This information is based on our understanding of the disclosure requirements of GASB # 68.

Please note that there are several items that the employers will need for their financial statements that ERS has already prepared for its own financial statements. These items are shown below:

1. Plan Description
2. Description of Benefits
3. Description of Contribution Requirements
4. Actuarial Assumptions used to Determine Net Pension Liability (NPL)
5. Determination of the long-term expected rate of return
6. Discount Rate
7. Pension Plan's Fiduciary Net Position
8. Plan's Fiduciary Net Position as percentage of total pension liability

In addition to these items there is additional information that each employer will need that is applicable only to that employer. In accordance with GASB #67, ERS was provided its disclosure requirements for the entire plan. For cost-sharing plans, these items are allocated to each participating employer based on their proportionate share of the contribution effort. This is further complicated by the fact that the employers contribute different contribution rates based on whether an employee is classified as Police and Fire versus All Other employees.

GRS will prepare a single GASB No. 67/68 report that contains the GASB No. 67 information (which has been previously communicated to ERS) as well as the following GASB No. 68 information for each individual employer that elects to be part of this arrangement:

1. Proportionate Share of NPL, covered payroll, and proportionate share of NPL as % of covered payroll
2. Proportionate Share of Pension Expense
3. Proportionate Share of NPL measured at +1% and -1% of the discount rate used to measure the NPL in Item 1
4. Proportionate Share of Deferred Outflows of Resources and Deferred Inflows of Resources by source
5. Proportionate Share of Deferred Outflows and of Resources and Deferred Inflows of Resources that will be recognized in the Pension Expense each of the next five years and in aggregate thereafter

The Required Supplementary Information under GASB #68 requires a 10-year schedule of the employer's proportionate share of the NPL, and the Plan's fiduciary net position as a percentage of the total pension liability. As allowed by GASB #68, it is assumed that this schedule will be built on a prospective basis only. It is also assumed that the employer will be responsible for preparing these schedules based on the information provided by ERS and in the GASB #68 report.

The GASB No. 67/68 report (containing the information described above for each employer), which will provide the information required by the employers for their financial statements for the period ending June 30, 2016. This will include the calculation of all deferred inflows and outflows as well as keeping track of the amortization schedule in future years. This will be handled for each employer. We will also provide in excel format the information for inclusion in each participating employers' financial statements.

Fees

As described in our contract with ERS, the fixed fee for providing the GASB #68 information, as described above, is \$15,000. This fee would then be allocated to the individual employers by ERS. Last year the fee was equal for all employers. We believe this is the fairest manner for allocating the fee, as the amount of work to provide the information for each employer is not sensitive to the number of participating members for the employer.

Mr. Thom Williams

The above fees include all work with the Plan's Auditor in providing audited information to participating employers. It also includes a reasonable amount of time that may be requested by the auditor's of individual employers. However, requests from auditors that are deemed to be uncustomary or excessive will be billed separately. The above fees will be invoiced to ERS upon completion of the GASB # 68 information.

It is our understanding that the ERS does not believe it can pay for the GASB No. 68 information for the employers. However, because we already have a contract with ERS and not with the participating employers it would be beneficial to GRS that we be allowed to bill the ERS for the GASB #68 services, have ERS invoice the individual employers and when ERS is paid by the employers ERS would then pay GRS. We acknowledge that ERS will not pay GRS until they have been reimbursed by the employers. If separate employer contracts are required, the fee could increase.

Please call one of us if you or any board members have questions about this proposal.

Gabriel, Roeder, Smith & Company
