RE: Support Makila Farms AH-1 (3)

October 2, 2019

Dear Tasha Kama, Chair - Housing Committee

My wife Robin and I have had a wonderful relationship with Greg Brown and his team over the past twelve years and can attest to the quality of home he builds and more importantly, the integrity he brings to the process. Greg built our home in Lahaina and we found him to be forthright in his dealings with us during the planning and actual construction and long, long after.

The quality and workmanship was excellent throughout, was completed on time and at our agreed to building costs, even with numerous changes we made. Greg did what he said he was going to do and in the time frame and for the cost he said he would do it. His team also took on the same approach which made the actual process so much easier.

Over the years since, we have remained in contact with Greg and see no change in his personal desire to build quality housing at an affordable cost. I believe the community will be very well served in moving this project forward.

Further, I do not want the West Maui Community Planning Action Committee (PAC) to delay this or any other project that has any affordable housing in West Maui. We are clearly in housing crisis mode.

Sincerely,

Paul Hueber
