Subject: I support Maui County Smoke Free Cars!

Aloha! My name is U'i Kalani and I support Maui County Smoke Free Cars. I 100% support protecting our keiki and preventing serious long term health problems and diseases due to children being in cars or homes with an adult(s) smoking. I am a true believer that 2nd hand smoke, 3rd hand smoke, and smoking are harmful for anyone, especially for our children who do not have a say.

I remember as a child, my parents smoked. They smoked in the car and in our home. I remember hating the smell of smoke on my clothes, blanket, car seats, rug, couch, etc. My parents would wreek of cigarette smoke. I hated hugging or kissing my parents and even family members who smelled like cigarette smoke. I always knew that inhaling someone's cigarette smoke was harmful, but I also knew that I had no say as a child. As I got older, I began voicing myself about my family's cigarette habits. Today, thankfully my mother does not smoke.

I support Maui County Smoke Free Cars!

This post is all about protecting our keiki & preventing serious long term health problems and diseases. This post is not stopping you from smoking cigarettes, but encouraging you to not smoke in a car when a minor is present.

If any of you are in support of this, I need y'all to SHARE this post & join me in testifying at the Maui County Smoke Free Cars
