RE: Waiale Park Alcohol Prohibition and HMOW Crosswalk Flashing Lights

Dear Council Member Michael Victorino:

This letter is to request your support for two suggested community improvements for the residents of Hale Makana O Waiale.

First, I respectfully request that Waiale Park be added to the list of parks where alcohol is prohibited. Recent illegal and violent activity is in large part attributed to individuals consuming alcohol in the park area. This is one step in the right direction toward making HMOW a safer community.

Second, the crosswalk fronting the main entrance to HMOW currently does not have any flashing lights. The increase in pedestrian traffic due to the new retail stores in the area makes this a particularly dangerous crossing, especially at night. I believe installing flashing lights, similar to those installed at the crosswalk fronting Ka Hale A Ke Ola, will make drivers more alert and reduce pedestrian accidents.

We know you have the best interests of all Wailuku residents at heart and we look forward to working closely with you to improve our community. Thank you in advance for your kind consideration of this request for support.

Sincerely,

Charfee SABAGALA
