

To whom this may concern,

Date: 10/18/17

My name is Kevin Rost Redo Kahula and I am a Hana resident born and raised in Hana. I have a two year old and a new born child and I live with my inlaws. Living in Hana we don't have much opportunities when it comes to housing. Most of us young families have to live with our parents or inlaws. We need affordable housing in Hana. I support this Hana affordable housing project. This will give me and my family an opportunity to own a home in my home town. I hope you will support this housing project.

Sincerely,

Kevin Kahula
