Dear Chairman Carroll and the Maui Council Land Use Committee:

As a resident of Haiku I am writing you this letter in support of the permit pending for 355 Haiku Road - Haiku House. It is my pleasure to endorse the current owners of this beautiful property and their efforts to meticulously maintain and improve the property grounds as well as open the property to short term rental customers.

I know the proposed land use will be an asset to the local Haiku community via the preservation of the historical grounds, and revitalization of the adjacent agricultural land which has been transformed into a 10,000 sqft garden with multiple varieties of Taro and traditional plants such as Noni, Breadfruit, and Honua'ula. I feel this type of land use is more beneficial for the Haiku community and will not only create jobs but it will also protect large parcels of land preserving the Haiku agricultural history and open spaces we all enjoy.

Sincerely,

meghan E Gould
