Aloha Maui County Council,

Mahalo for allowing potential Workforce/Affordable Housing residents to reach out regarding the approval of this project. As a Renter my entire life, I have always dreamed of owning a home for myself and my family. Reading up on Greg Brown of Brown Development, he is very trustworthy and the satisfaction of the homeowners who currently reside in the homes he has built is very high.

I am excited to hear that this project will remain affordable for 30 years (vs 5-10 years), allowing future potential residents to purchase a realistically priced home on the 2 plus acres. This property will encourage us to support agriculture, desperately needing help as well.

Currently, rentals are at such a high, the work force community can barely afford to rent, though with possible Ownership, we can invest that money into the community and our future.

Thank you for your time and consideration to support the Makila Farms's Lahaina Project.

Mahalo nui loa,

Julia T. Vu
